RAW MATERIAL USED ANNUALLY, 850 BALES OF COTTON.

PRODUCTS, 3,000 YARDS OF 4-4 SHEETING, DAILY.

NUMBER OF HANDS OPERATED, SEVENTY.

CEDAR FALLS MANUFACTURING COMPANY.

DR. JOHN MILTON WORTH, ASHEBORO N. C.,  
SON OF DR. DAVID WORTH AND WIFE EUNICE, WHOSE MAIDEN  
NAME WAS GARDNER.

Was born June 28, 1811, in Guilford County, near Centre Church. Graduated at the Louisville (Ky.) College of Medicine. In 1834 he was married to Miss Sarah Dicks, daughter of Peter Dicks, and settled at New Salem, in Randolph County, where he practiced medicine. He was afterwards a citizen of Montgomery County, and was engaged in the practice of medicine, also mining and merchandising.

From 1852 to 1856 Dr. Worth was Senator from Montgomery County. About 1856 he settled in Asheboro as a merchant and a man of general enterprise. From 1870 to 1875 he was Senator from Randolph County. From November 22, 1876, to January 21, 1885, he was State Treasurer. In 1877 and 1878 we find him representing Randolph in the House. Dr. Worth did more, perhaps, than any other one man to get the State debt consolidated, thus forever securing his fame as a financier.

He is a man about eighty-three years old, and is still full of energy, enterprise and public spirit.

O. W. CARR, President.

JOHN H. FERREE, Secretary and Treasurer.

J. O. PICKARD, Superintendent.

*THE RANDLEMAN MANUFACTURING COMPANY,  
INCLUDING THE QUINN MILL.*

CAPITAL STOCK, \$100,000.

SURPLUS, \$92,000.

RAW MATERIAL USED, 3,000 BALES OF COTTON ANNUALLY.

ANNUAL PRODUCT, 4,000,000 YARDS OF PLAIDS.  
TWO HUNDRED AND FIFTY HANDS EMPLOYED.

*SHIPPING POINT, EXPRESS AND TELEGRAPH OFFICES, RANDLEMAN, N. C.*

PRICE, \$3.00.

*RALEIGH, N. C.:*

*COMPILED AND PUBLISHED BY LEVI BRANSON.*

*1894.*

Copyrighted, 1894, by Levi Branson.

## EDITORIAL NOTES.

It has been a real "labor of love" for me to compile this Business Directory of my native county—the home of my childhood and youth; hence many little historical sketches appear in the book. "Reminiscences of Randolph County," by my life-long friend, J. Addison Blair, aided me very greatly. Mr. Blair calls up—then beautifies and sweetens the old-time memories.

The county has not only held her own, but has gone forward handsomely during the thirty-eight years of my absence. Randolph now feels the quickening pulse of 76.45 miles of railroads, as follows:

North Carolina Railroad.....	.70 mile.
Cape Fear and Yakin Valley Railroad .....	30.10 miles.
HIGH POINT, Randleman, Asheboro and South- ern Railroad.....	26.65 "
Factory Branch (C. F. & Y. V.) Railroad.....	19.00 "
Total .....	<u>76.45</u> "

The county has 720 square miles of territory. She now has fourteen cotton factories, and these not only beautify and enrich, but they render musical the very air of the county.

This is undoubtedly one of the most beautiful sections of the State, and a grand future is in store for the land of our birth if we still remain true to her destiny.

Randolph has furnished the State two State Treasurers and one Governor.

I here return my warmest thanks to many prominent citizens who have aided me in compiling this book. At some future time I hope to publish a revised edition that shall be larger and better in every way.

LEVI BRANSON.

RALEIGH, N. C., June 23, 1894.

# CONTENTS.

---

PART I. THE POSTOFFICES,	PAGE.
In alphabetic order, giving the business at each place-----	24-64

## RANDOLPH COUNTY BUSINESS DIRECTORY

FOR

### 1894.

#### ABBREVIATIONS USED IN THIS BOOK.

Agt for agent; clk for clerk; E for east; (col) for colored; Col for colonel; mfg for manufacturing; mfr for manufacturer; mgr for manager; N for north; pres for president; prop for proprietor; S for south; sup for superintendent; W for west. The others are so plain as to be easily understood.

### ASHEBORO (C. H.),

Seventy-two miles west of Raleigh, is the county seat of RANDOLPH COUNTY, and was built on land purchased from Jesse Henly in 1793. Mr. Henly gave two acres of land for public buildings, and the first court was held here June 12, 1793, in a small wooden house. The present handsome brick structure was erected in 1835, under the supervision of Jonathan Worth, afterwards Governor of North Carolina. In July, 1889, the High Point, Randleman, Asheboro and Southern Railroad was completed to this place, since which time the population has increased rapidly, and is now estimated at 1,500. Asheboro was named in compliment to Samuel Ashe, a distinguished soldier and statesman of the American Revolution, and who became Governor of the State in 1795. The courts of the county were first held at Abram Reece's house (1779), about half way between Brown's Cross Roads (old Johnsonville Court House) and Randleman Factory. Courts were held afterwards (1786) at Johnsonville, until June 12, 1793, when the first court was held at Asheboro.

### ASHEBORO,

Asheboro Township. Mrs. E. B. McCain, Postmistress. Population, 1,500. The town is incorporated and has officers elected in May, as follows: E. B. Kearns, Mayor; Aldermen, Col. A. C. ---

### CEDAR FALLS

Is in Franklinsville Township, five and a half miles north-east of Asheboro. Samuel Bristowe is the postmaster. The population is about 378. The first cotton mill established in Randolph County was built here in 1836 by Benjamin Elliott, Phillip Horney, Alfred H. Marsh and Henry B. Elliott. This is a historic place, surrounded by many hallowed associations of the olden time. In 1775 the lands on both sides of Deep river, including the spot where this village now stands, and then called Cedar Falls, were granted to Herman Husbands by the Earl of Granville. Benjamin Elliott subsequently acquired possession of the property and operated a grist and flouring mill there for a number of years before the factory was built. The factory is now owned and conducted by Dr. J. M. Worth, O. R. Cox, George H. Makepeace, Rev. W. M. Curtis and others, under whose skill Cedar Falls has become the queen of the river, and the cedar thicket is now a village of thrift and beauty. O. R. Cox, secretary and treasurer, is the manager.

Allred J F, minister Methodist Episcopal Church, South  
 Allred W E, smith and wagon shop

Bristow Samuel, general merchant  
 Bristow Samuel, boarding-house

Concord M E Church, South, R S Abernethy, pastor  
 Vestal R M, teacher

---

### FRANKLINVILLE

Is in the Township of the same name. In 1801 Christian Morris bought the lands of Jacob Skeen and built a grist mill. In 1820 Morris conveyed the site to Elisha Coffin, who with Henry B. Elliott, Henry Kivett and John Miller, in 1838 built here a cotton factory, which was the second one established in the County. They named the town after Jesse Franklin, who was then Governor of the State. This town, like others on the river, is noted for the high moral and christian character of its people. The mill was burned in 1850, but was soon rebuilt. It is now owned by Benjamin Moffitt, Hugh Parks, Mrs. E. E. Moffitt and W. S. Russell.

Oak Forest Friends Church

Trotter Jonathan, flour and corn mill

Trotter J M, flour, corn and saw mill

---

 QUININE,

In Richland Township, is a new place a few miles south of Asheboro. Population estimated at 17. John Trogden, postmaster.

---

 RACHEL,

In Union Township, is a new office. Population, 19. Mrs. Rachel Hill, postmistress.

Parks Strider & Son, general merchants

Thornburg W P, teacher

Union M E Church, South, William M Robbins, pastor

---

 RALPH,

In Grant Township, south of Asheboro, is a small village of 16 inhabitants. J. M. Allen, postmaster.

Allen J M, teacher

Humble J A & Co, flour and corn mill

---

 RAMSEUR.

In 1850 a factory was built at this place by Isaac H. Foust, Washington Brower, Henry Kivell, Dennis Curtis and Daniel Kime. They called it Columbia Factory. The town is situated on Deep river, a short distance below the mouth of Sandy creek; and since June 26, 1890, has been the terminus of the Factory Branch of the C. F. & Y. V. Railroad. In 1879 the property changed hands and is now owned and operated by W. H. Watkins, A. W. E. Capel, T. L. Chisholm and J. S. Spencer. The population is estimated at 900. The Columbia Manufacturing Company, with a capital stock of \$90,000 and a surplus of \$85,000, is the leading enterprise of the town. The Alberta Chair Works, \$25,000 capital, is next in magnitude. The town has also two good churches, one good hotel, one high school, under management of Prof. F. S. Blair, several large stores, a handsome depot, also a splendid bridge across Deep river. Ramseur is withal a model town for industry, push, pluck, high morals and christian living. Hardly any place in the State would seem to have a brighter future. Not far below Ramseur, on Deep

river, was the birthplace of Braxton Craven, D. D., LL. D. He was brought up largely by Nathan Cox, a Quaker of undoubted honesty. Dr. Craven lived to be an honor to the entire County, to the State and to the Nation. Many good and really great men have lived along up and down Deep river within the bounds of Randolph County. Of the towns that have sprung up along the river, perhaps none have a more hopeful future in prospect than Ramseur. The owners of the factories are all faithful workers in the church and benefactors to humanity.

### RAMSEUR,

Columbia Township, is the terminus of Factory Branch C. F. & Y. V. Railroad; is a beautiful town on the east bank of Deep river; has a population of 900. Edward Leonard is postmaster. The mill-dam here is probably the finest in the County—stone, cemented, and cost about \$8,000.

Allred Peter, shoemaker

- Watkins Miss Etta F, ast teacher in Ramseur High School
- Watkins W H, chm Board Trustees of Ramseur High School
- York Jas D, bricklayer

## RANDLEMAN

This is an incorporated town of 2,500 inhabitants, eight miles north of Asheboro. It is the largest manufacturing town in the county, and, in fact, has the largest population. Long ago Peter Dicks had a grist mill and an oil mill at this place, which was then called Dicks. In 1848 Jesse Walker, William Clark, Joseph Newlin, James Dicks and William Hinshaw erected a cotton mill here and called it Union Factory. In 1866 John Randleman and John H. Ferree acquired control of the property and the name was changed to Randleman. The Randleman Mills, including the Quinn Mill, are now owned and operated by John H. Ferree. Naomi Falls Factory (owned by a stock company), Powhatan Plaid Mills and the Randleman Hosiery Mill (making six cotton mills) are all within the corporation, and Worthville Factory is only two miles down the river. In 1885 the Randleman Mill was burnt, but it was immediately rebuilt, and is now one of the leading manufactories of the State. The town has four churches, two hotels, a graded school and many other signs of prosperity. The High Point, Randleman, Asheboro and Southern Railroad has a fine depot here, and reaches the town by a loop, giving a beautiful view as the train sweeps around the brow of the hill overlooking the place from the west. Within the town limits is Naomi Falls, named after Naomi Wise, who was drowned here by Jonathan Lewis about the year 1808. Naomi Falls Factory was also named for the ill-fated Naomi. It was built by J. E. Walker, John H. Ferree, J. O. Pickard and Amos Gregson in 1879. Dr. Braxton Craven, after an able discourse, dedicated this factory building to "Almighty God, for the purpose and uses of Christian work." This was a new departure and a good example, and it is remarkable that the factories of Randolph County are conducted almost entirely by Christian gentlemen of very high type.

### RANDLEMAN.

*Town Officers*—D. J. Gaster, Mayor; T. O. Bowden, William Ivey, William F. Spain, Robert Hanner, J. H. Wilson, Commissioners; Clarence Gregson, Secretary and Treasurer; W. H. Winningham, Chief Marshal.

Union Township, is a country village of 17 people, some eight or ten miles south of Asheboro. Ruffin Walden, post-master.

Old North State Mining Co, own the Uwharrie gold mine  
 Plunkett J K, physician  
 Walden H R, (col), teacher

---

#### TRINITY COLLEGE,

Trinity Township, is one of the three incorporated towns in the County. As far back as 1837 Dr. B. York established Union Institute at this place. In 1841 Dr. Braxton Craven took charge of the Institute, and in 1853 had it chartered into "Normal College." In 1858 it became the college of the North Carolina Methodist Conference. Since Trinity College was removed to Durham, some three years ago, Trinity High School has been conducted here, with Rev. J. F. Heitman as head master, accomplishing much good for the cause of education. The high moral influence of this school can be seen all over the county. County pride alone should secure ample endowment and keep it full of students on and on. The town has about 350 people, several stores and two factories of small wares. It is a depot on the H. P. R. A. & S. Railroad, five miles south of High Point. Miss Cornelia Z. Leach, postmistress.

Brame W A, local preacher (M E Church, South)  
 Carr Miss Maggie A, teacher in Trinity High School

 Everhart Thomas, steam saw mill  
 Gray John W (Thomasville), steam saw mill  
 Gray McKendrie, stave factory  
 Steam saw mill, Mr Elliott, of Thomasville  
 Underwood M F, magistrate, term expires 1893

## WHITE HOUSE,

Cedar Grove Township, is seven and one-half miles southwest of Asheboro, and has an estimated population of 27. Near this place lived Col. Andrew Balfour, who was killed by David Fanning and other Tories on Sabbath morning, March 10, 1782, in the presence of his sister Tibbie and little daughter. Col. Balfour lived in a large log house, old colonial style. He was a true Scotch patriot, and died a martyr to the cause of American liberty. The old rock spring-house is still standing, and just across the public road, down the spring branch, was seen a broad and beautiful meadow. Levi T. Branson is postmaster at White House.

Bettie McGee gold mine, (not operated at present)

**BUCKEYE GOLD MINING CO** (Branson mine), John T Cramer, of Thomasville, gen mgr; telegraph and express offices, Asheboro. This property was lately bought of Eli Branson's heirs, and capitalized at \$60,000

 Rush Z F Sr, owns the Rush gold mine, (not now regularly  
 worked)  
 Stuart John, magistrate, term expires 1899  
 Vuncannon Turner, shuttle block factory

---

### WHY NOT,

Richland Township, ten miles south of Asheboro, on old plank road, was for many years the home of James Page, one of the best doorkeepers the world ever produced. This is a village of 37 people, in the midst of a pleasant timbered section of the county. Martin Cagle is postmaster.

Auman Dempsey, general merchant  
 Burroughs J P, teacher  
 Chisholm J F, magistrate, term expires 1899

 Parker G W, dry goods and groceries  
 Stowe J H, pastor of Asheboro circuit Meth Prot Church  
 Yow Henry, general merchant  
 Yow E R, magistrate, term expires 1899

---

### WOODFORD,

In Grant Township, south of Asheboro, is a new postoffice. Population, 13. Mrs. S. J. Brown, postmistress.

---

### WORTHVILLE,

Franklinsville Township, on Deep river, two miles below Randleman, is a factory village of some 350 people. Mr. Allred, postmaster. This place is at the old crossing called Hopper's Ford, from Charles Hopper, who entered this land

and located near the ford over one hundred years ago. The cotton factory here was built in 1881 by Dr. J. M. Worth and H. Worth. It is a magnificent building. The town is handsomely laid out on the west side of Deep river, just below the mouth of Pole Cat creek. This site had never been improved before, but Worthville is already an honor to the county of Randolph and a living monument to the public spirit and enterprise of the men whose name and memory it will long perpetuate.

Arnold J O, general merchant

Bethany Methodist Protestant Church

Coble W C, grocer

Cedar Falls M P Church, G F Melloway, pastor

# BRANSON'S AGRICULTURAL

# ALMANAC

FOR THE YEAR OF OUR LORD

# 1894,

And, until the 4th of July, the 118th year of American Independence.

Carefully Calculated for the Latitude and Longitude of Every Place by

**LEVI BRANSON, A. M., D. D.**

**LEVI BRANSON, Publisher, Raleigh, N. C.**

COPYRIGHT, 1894 BY LEVI BRANSON.

POSTMASTERS ARE AUTHORIZED AGENTS FOR THIS ALMANAC.

THIS ALMANAC HAS MANY THINGS PECULIAR NO OTHER LIKE IT.

**TIME.**

The calculations of this Almanac are made in mean solar or clock time, which is indicated by a well regulated clock or watch, and does not correspond with the sun precisely, except on four days of the year.

Apparent time is that which makes the Sun come to the meridian at 12 o'clock. No good clock will run with the Sun; it set with the Sun on the 2d of January, the clock will seem to be one minute too fast on the 3d of January.

To adopt the calculations of this Almanac to apparent time, use the minutes in the column marked "Sun slow" or "Sun fast;" add them when fast, subtract them when slow.

The calculations are made for the Latitude and Longitude of Raleigh, N. C., but the times, phases, &c., will vary only a few minutes for any part of North Carolina, South Carolina, Georgia, Tennessee or Virginia.

**RISING AND SETTING OF THE SUN.**

The Almanacs generally used have made the rising and setting of the Sun together equal twelve hours. This is incorrect. During some portions of the year the Sun changes so rapidly in Right Ascension and Declination that it makes a material change in the Diurnal Arc during the day. The times here given have been rigorously calculated and compared with the authority, and are true to the nearest whole minute.

**TWELVE SIGNS OF THE ZODIAC.**

The Head and Face sign. ♈ Aries the Ram.....Ar.

The ♋ (Pisces the Fishes).....Pisc.

To know where the sign is, find the day of the month, and against the day in the column marked Moon's Signs you have the sign or place of the Moon, and then find the sign; it will give you the part of the body it is supposed to govern.

**SIGNS.**

Spring Signs.	♈ Aries, or Ram. ♉ Taurus, or Bull. ♊ Gemini, or Twins.	Autumn Signs.	♎ Libra, or Balance. ♏ Scorpio, or Scorpion. ♐ Sagittarius, or Bowman.
Summer Signs.	♋ Cancer, or Crab-fish. ♌ Leo, or Lion. ♍ Virgo, or Virgin.	Winter Signs.	♑ Capricornus, or Goat. ♒ Aquarius, or Waterman. ♓ Pisces, or Fishes.

**SIGNS OF THE PLANETS.**

☉ Sun.	♁ Moon.	♀ Venus.	♂ Mars.
♃ Jupiter.	♄ Saturn.	♅ In conjunction.	☐ Quadrature.
☿ Mercury.	♁ Uranus.	♆ Neptune.	♁ Ascending Node.

**MOON'S PHASES.**

☾ New Moon.	☾ First Quarter.	☾ Full Moon.	☾ Last Quarter.

 Venus will be Morning Star from..... February 15 to November 30.  
 Jupiter will be Morning Star from..... January 4 to December 22.

EVENING STARS.

Mercury will be Evening Star about..... February 25, June 23 and October 19.  
 Venus will be Evening Star till..... Feb. 15, then Nov. 30 to Dec. 31.  
 Jupiter will be Evening Star till..... June 4—Dec. 22 to Dec. 31.

ECLIPSES.

In the year 1894 there will be four Eclipses—two of the Sun and two of the Moon, and a transit of Mercury over the sun's disk.

I. A partial Eclipse of the Moon March 21st, not visible in North Carolina.

II. An Annular Eclipse of the Sun April 6th, not visible in North Carolina.

III. A partial Eclipse of the Moon September 15th, visible more or less in North and South America. Moon enters shadow 3:35 A. M., leaves shadow 5:27 A. M.

IV. A total Eclipse of the Sun September 29th, not visible in North Carolina.

A Transit of Mercury over the Sun's disk November 10th, visible generally to North and South America. The Transit comes on at 10h. 50m. A. M., and goes off at 4h. 12m. P. M. It commences on the Eastern limb of the Sun.

TIDES.

The time of tide can readily be found for the following places by adding the hours and minutes opposite the names to the time when the Moon is South on the day to which the tide is sought. The time when the Moon is South is given in the Calendar for every day. The next tide can be found very nearly by adding 12 hours and 29 minutes to the time of the one previous.

The tides are given in local time—add 12 minutes for Eastern Standard.

## HERSCHEL'S WEATHER PROGNOSTICATOR

*For Foretelling the Weather through all the Lunations of the Year.*

See Advertisement COLLEGE OF PHYSICIANS AND SURGEONS, Page 29.

This table and the accompanying remarks are the result of many years actual observation, the whole being constructed on a due consideration of the attractions of the Sun and Moon, in their several positions respecting the Earth, and, by simple inspection, it shows the observer what kind of weather will most probably follow the entrance of the Moon into any of its quarters, and that so near the truth as to be seldom or never found to fail.

If the new moon, first quarter, full moon, or last quarter, happen—	IN SUMMER.	IN WINTER.
Between midnight and 2 in the morning.....	Fair.....	{ Hoar frost unless the wind be S. or S. W.
Between 2 and 4 morning {	Cold, with frequent showers.....	} Snow and stormy.
Between 4 and 6, morning {	Rain.....	} Rain.
Between 6 and 8, morning {	Wind and rain.....	} Stormy.
Between 8 and 10 morn'g {	Changeable.....	{ Cold rain if wind be W.; snow if E.
Between 10 and 12 morning {	Frequent showers.....	} Cold and high wind.
Between 12 o'clock at noon and 2 in afternoon.....	Very rainy.....	} Rain and snow.
Between 2 and 4, afternoon {	Changeable.....	} Fair and mild.
Between 4 and 6, afternoon {	Fair.....	} Fair.
Between 6 and 8, aftern'n {	Fair if wind N. W.; rainy if S. or S. W.	{ Fair and frosty if wind N. or N. E.; rain or snow if S. or S. W.
Between 8 and 10, aftern'n {	Ditto.....	} Ditto.
Between 10 and midnight {	Fair.....	} Fair and frosty.

OBSERVATIONS.—1. The nearer the time for the Moon's change, first quarter, full and last quarter are to midnight, the fairer will be the weather during the next seven days.

2. The space for this calculation occupies from 10 at night until 2 next morning.

3. The nearer to midday or noon the phase of the Moon happens, the more foul or wet weather may be expected during the next seven days.

4. The space for this calculation occupies from 10 in the forenoon until 2 in the afternoon. These observations refer principally to the Summer, though they affect Spring and Autumn nearly in the same ratio.

5. The Moon's change, first quarter, full and last quarter, happening during six of the afternoon hours, *i. e.*, from 4 to 10, may be followed by fair weather, but this is mostly dependent on the wind, as is noted in the table.

6. Though the weather, from a variety of irregular causes, is more uncertain in the latter part of Autumn, the whole of Winter and the beginning of Spring, yet, in the main, the above observations will apply to those periods also.

7. To prognosticate correctly, especially in those cases where the wind is concerned, the observer should be in sight of a good vane, where the four cardinal points of the heavens are correctly placed.

## FARM AND GARDEN.

**FARM AND GARDEN WORK FOR JANUARY.**—Plant peas, beans, beets, onions, Irish potatoes, horse radish; sow turnips, spinach, lettuce, radish, parsley, carrots, salsify. Plant early peas; artichokes must now be dressed, also asparagus beds; this is the proper time to sow early spring tomatoes, etc.

Prepare land for the next crop, if not done. In the low country, if mud marsh or rushes are used, this is a good time to haul out and spread in the alleys, and throw upon it a slight listing. Repair fences, plow, ditch, drain and manure. You can sow oats for a first crop.

**FARM AND GARDEN WORK FOR FEBRUARY.**—Continue to sow peas, and such vegetables as were omitted in January. Plant pole beans, first crop (in the low country); full crop Irish potatoes, beets and carrots; dress artichokes and asparagus. Tomatoes, peppers and cucumbers sow in hot beds; put out mangoes.

This is considered the opening month of the planter's year. Continue preparing as in January. Sow oats for a full crop in the low country; plant Irish potatoes; make up sprout beds for sweet potatoes. Plant root crop of sweet potatoes.

**FARM AND GARDEN WORK FOR MARCH.**—Plant bush squash, pumpkins, water and muskmelons, okra, Guinea squash or egg-plant, sugar beets, carrots, beans, peas, radishes, lettuce, corn, celery (first crop), tanyah and mangoes in the low country and elsewhere as soon as danger from frost is over.

This is the first planting month for cotton, corn and rice. Plant your high lands first; leave the low lands for April. Plant rice about the 20th of the month.

**FARM AND GARDEN WORK FOR APRIL.**—Whatever has been omitted in March, do not neglect any longer. Sow green glazed cabbage, pickling cabbage, full crop of cauliflower and broccoli, okra, tomatoes, peppers, beets, carrots, leeks, melons, cucumbers, celery.

Full crops of corn, cotton and rice should be put in during this month. Plant your lowland corn. Commence early to hoe your young cotton, and thin out to stand. Plant pumpkins for a field crop.

**FARM AND GARDEN WORK FOR MAY.**—Plant snap beans and squashes. Sow cabbages for winter use, cauliflower, broccoli, celery, beets, carrots, salsify. Plant cucumbers, melons and pumpkins for late crop. Gather herbs for drying; always dry gently in the shade.

Look well to your hoeings and plowings. Continue to plant corn in low lands. Sow first crop of early cow peas. Rice planting is generally postponed until June, as the birds are very bad in May, and the May bird is exceedingly destructive.

**FARM AND GARDEN WORK FOR JUNE.**—Sow full crops of cabbages for fall and winter use. Cauliflower and broccoli may yet be sown, also a few carrots. Continue to sow tomatoes, okra, radishes, snap beans. Transplant leeks; pull and dry onions, garlic and eschalots. A few cucumbers and melons plant for a late crop, and a few ruta bage turnips.

Keep constantly at the plow and hoe; this is the most important grass month! If the vines from your sweet potato sprout-bed are fit you can draw and plant out first good rain. Sow cow peas between your corn hills and rows. The end of this month is a good time to put in the first crop of standing field peas.

**FARM AND GARDEN WORK FOR JULY.**—Sow cabbages, but protect from hot sun when young. Water at night. Plant snap beans and a few Irish potatoes. Continue to sow radishes, lettuce, endive, cresses, mustard and small saladings. The early Dutch turnip is the best to sow for the first crop; follow with the yellow Swedish or ruta-baga.

Now do not omit to sow full crops of standing cow peas. Sow a few turnips, carrots and beets as field crops, though the hot suns are apt to destroy them; should they escape they will be fine; the next month is the best for these crops.

WEATHER CONJECTURES.—JANUARY—1, 2, 3, 4, 5, fair if wind N. or N. E.; rain or snow if S. or S. W.; 6, 7, 8, 9, 10, 11, 12, 13, fair if wind N. or N. E.; rain or snow if S. or S. W.; 14, 15, 16, 17, 18, 19, fair if wind N. or N. E.; rain or snow if S. or S. W.; 20, 21, 22, 23, 24, 25, 26, 27, 28, cold high wind; 29, 30, 31, cold high wind.

Farmers should use "NATIONAL" Fertilizer for Tobacco; and "BEEF, BLOOD and BONE" brand for Cotton, Corn and Wheat. Strictly reliable. Ask your Fertilizer Merchant for them. Carefully prepared by (See top 3d page cover.) S. W. TRAVERS & CO., Richmond, Va.

## FARM AND GARDEN.—Continued.

**FARM AND GARDEN WORK FOR AUGUST.**—Transplant all kinds of cabbage, cauliflower and celery. Sow carrots and beets, turnips of all kinds, spinach, lettuce, radishes and onions.

Now sow full crops of field turnips, carrots and beets, and such other crops as were omitted last month; strip fodder. Early rice will be fit to cut the last of this month. Look to it. This is a good time to plant vines of the first slips, in order to procure seed potatoes for the next year's crops.

**FARM AND GARDEN WORK FOR SEPTEMBER.**—Now sow full crops of all kinds—turnips, onions, carrots, beets, cabbages, lettuce, cresses. Look after your mushroom beds. Hoe and thin your turnips.

Continue to sow field turnips, carrots and beets. Southern seed is always better than the imported; those from the latter are apt to run to seed early in the spring, unless it be English seed. Prepare land for sowing rye in October. Pick cotton; harvest corn.

**FARM AND GARDEN WORK FOR OCTOBER.**—You may make two sowings of cabbage this month, and, if of English seed, they will not "run" in the spring. Sow lettuce; hoe turnips and thin; put out leeks and onions; sow principal crop of spinach; earth up celery.

Continue picking your cotton as it blows. Sow early rye, wheat and barley. Dig your sweet potatoes when the weather becomes cool and you expect frost.

**FARM AND GARDEN WORK FOR NOVEMBER.**—Sow your first crop of peas and a few turnips. Plant out onions raised from seed in August and September. Plant Windsor and long-pod beans. Dress asparagus and artichokes.

Sow full crops of rye, barley, wheat and other small grain. Harvest your sweet potatoes.

**FARM AND GARDEN WORK FOR DECEMBER.**—Plant peas of all kinds; set out onions, garlic, eschalots and cabbage. Sow a few lettuce, spinach, carrots and radishes. You may try a few Irish potatoes.

Finish picking cotton; get out crops of rice, and prepare for market. Commence plowing, ditching, draining and manuring as early as possible for next year's crop.

## ANECDOTE OF DR. CLOSS.

When quite a young man he was sent by Conference to preach to the plain, illiterate fishermen on our coast south of Cape Hatteras. At one of his earliest appointments he was accosted by a rude, rough sailor, who requested that he would preach his father's funeral.

"Is your father dead?" asked Mr. Closs.

"Oh, yes, he's been dead more'n a year, but nobody han't preached his funeral."

"Well," said Mr. Closs, "I'll give notice to-day that at my next appointment one month hence I'll preach Billy Wilkins' funeral."

Notice was accordingly given, and at the next "meeting" a large crowd greeted the young preacher. He ascended the pulpit, a sort of story-and-a-half affair, securely boxed in to prevent the escape of any preacher who might enter ere the benediction was pronounced, and after giving out his hymn and praying, and just as he was about to announce his text, he felt a nervous jerking at his coat tail. Somewhat surprised at the unusual occurrence, he looked around and down at the figure of a man who was thus attracting his attention and beheld Jim Wilkins, the son of the deceased, in a stooping position behind the pulpit, with one hand on the skirts of the preacher's coat and the other wound away around towards his hip-pocket, and as Mr. Closs stooped to catch the message, Jim, in a hoarse whisper, said:

"Parson, you know this is dad's funeral and I want you to do your level best." And producing a "tickler" of what might have been whisky, said "wont you take a drap to help you on in the good work?"

It is said on the authority of Mr. Closs that he declined and proceeded with the funeral discourse.

BRANSON MAXIMS.

1. All men have faith in something, hence they work expecting result, *Branson.*
2. Some men have faith in the laws governing mind; obeying these laws they attain to mental power.—*Branson.*
3. Some men have faith in the laws of health, and hence by obeying those laws they secure physical health and happiness.— *Branson.*
4. The man who has faith in the laws governing the spirit life, can realize that "the law of the Lord is perfect, converting the soul."—*Branson.*
5. The Christian religion leads a man towards the highest cultivation of all his best capabilities.—*Branson.*
6. The man who has *full faith* in all God's laws, and renders a perfect obedience, has peace flowing as a river, and a joy that is complete.— *Branson.*
7. To give advice unsolicited is so delightful; it magnifies our self-esteem. To receive advice unsolicited is humiliating; it minifies our self-esteem.— *Branson.*
8. A man in whose mind his own country is not *first*, is a man who himself is not *worthy* to be first in another country.—*Branson.*
9. Our State is a diamond; let us polish it well.—*Branson.*
10. The *mind crop* is the greatest crop that can be raised on any farm or in any State.—*Branson.*
11. The *mind crop* in North Carolina is better than ever before.—*Branson.*
12. The *mind crop* should be planted early and cultivated better than cotton or tobacco.—*Branson.*
13. The stronger the *homes*, the stronger the *country* in which the homes are found.—*Branson.*
14. The greatest possibilities of a man are on his native heath; if he is great on another heath, he is still less than a native ought to have been.—*Branson.*
15. It is strange how freely we *give away* our *own* knowledge, and how freely we *pay high prices* for the knowledge we obtain from others —*Branson.*
16. Living in obedience to spiritual *laws* brings spiritual *blessings*.—*Branson.*
17. *Do your duty*, then *wait*.—*Branson.*
18. Work for your *country*, and God will work for you —*Branson.*
19. Much of our best work is unsuspected by *ourselves*, and even by the *recipients*.—*Branson.*
20. Individual comfort, State wealth, make a happy people.—*Branson.*
21. Never keep people unnecessarily waiting.—*Mrs Branson.*
22. Be happy; life is short.—*Branson.*
23. To *sleep sweetly*, recline a few moments on your *left* side; then turn *slowly* onto your right side. Try it.—*Branson.*
24. Live with happy people, and you are likely to be happy.— *Branson.*
25. Do not keep a *burr* in your *throat*, nor a bit of *malice* in your *heart*.— *Branson.*
26. If you are *good* this world is *good enough* for you; if you are *mean*, then it is *too good* for you.—*Branson.*

“JESUS, LOVER OF MY SOUL.”

- “Jesus, lover of my soul,”  
 Rose the words, sweet and clear,  
 From the lips of a little child,  
 Drifting fast to the other world.
- “Let me to thy bosom fly,”  
 She repeated, o'er and o'er,  
 While her sweet brown eyes beheld  
 Visions on the other shore.
- “While the nearer waters roll,”  
 And her voice was fainter still,  
 But her echo rang more clear  
 Far beyond the heavenly hills.
- “While the tempest still is high,”  
 When the angels took her home,  
 And Jesus bade her sing the rest  
 As she stood before the throne.
- “Hide me, O my Saviour, hide,”  
 Thus we sang while bending low  
 O'er the empty casket left  
 For its precious gem had flown.
- “Till the storm of life is past,”  
 Came these words from trembling lips  
 As the sweet, white lids were closed  
 Over eyes with love once lit.
- “Safe into the haven guide,”  
 We sang the hymn soft and low,  
 While we laid our darling's form  
 Far beneath the drifting snow.
- “O receive my soul at last,”  
 Swelled this plea from aching hearts  
 As we turned in blinding tears  
 From that low and sacred spot.
- But the Saviour heard our cry  
 Ere we reached our darkened home,  
 And he gave us strength to say,  
 “Thy will, O Lord, not mine be done.”
- And as we sat that night alone,  
 And thought of her safe in the fold,  
 We sang her hymn with happy hearts,  
 “Jesus, lover of my soul.”

October 5, 1893.

L. H.

“I HAVE LIVED,” says the indefatigable Dr. Clarke, “to know that the great secret of human happiness is this—never to suffer your energies to stagnate. The old adage of ‘too many irons in the fire’ conveys an abominable falsehood; you cannot have too many. Piker, tongs, and all—keep them all going.”

## ANECDOTE OF DR. CLOSS.

At another time he was on the Granville Circuit, and near one of his churches resided a sister Jones. Her house was the home of all Methodist ministers, and though she was not wealthy they were ever welcome. She had a room adjoining the sitting-room which was known as the "preacher's room," and as it was secluded from the rest of the house, and the good sister was lacking in pantry accommodation, she stowed under the bed therein her goodly store of pickles and preserves. She had a mischievous boy of thirteen years who had a sweet tooth and who sometimes made raids on his mother's sweetmeats. She accordingly kept an eye on John and on her hoarded treasures for company occasions.

It so happened that Bro. Closs stopped at the close of a summer day at sister Jones' house. It was about dusk, and so he left his horse to be taken to the stable, and went in without knocking. Whoever heard of anyone knocking at a country house in those days? He entered the sitting-room and went at once to the preacher's room, and, North Carolina like, left the door open behind him.

He removed his coat and bathed, and then bethought to spend a few moments in prayer. He knelt most reverently by the bedside and poured out his soul in thanksgiving and prayer, when just then sister Jones entered the sitting-room and seeing the door to the "preacher's room" ajar, she naturally suspected her son John guilty of his usual misdemeanor, and tipping in with cat-like tread, she saw in the dim and uncertain light of the room the form of Bro. Closs by the bedside, and so raising aloft her strong right hand she let fall the palm thereof on the bald head of her pastor, exclaiming in a high key:

"Oh, you rascal, I've caught you again—stealing my preserves."

Bro. Closs arose from his devotions—solemnly assured her that he was not "John," and that he was not even thinking of stealing her preserves, and was forgiven.

Bless the memory of that blessed man, and when we have done with earth and earthly things may we meet him in the home of the blessed.

Yours,

JOHN B. NEATHERY.

## BEAUTIFUL LIVES.

Beautiful lips are those whose words  
Leap from the heart like songs of birds,  
Yet whose utterances prudence girds.

Beautiful hands are those that do  
Work that is earnest and brave and true,  
Moment by moment the long day through.

Beautiful feet are those that go  
On kindly ministries to and fro,  
Down lowliest ways if God wills it so.

Beautiful shoulders are those that bear  
Ceaseless burdens of homely care,  
With patient grace and daily prayer.

Beautiful lives are those that bless,  
Silent rivers of happiness,  
Whose hidden fountains but few may guess.

I AM NOW an old man. I have seen nearly a century. Do you want to know how to grow old slowly and happily? Always eat slowly, masticate well. Go to your food, to your rest, to your occupations, smiling. Keep a good nature, and a soft temper everywhere. Never give way to anger. A violent tempest of passion tears down the constitution more than a typhus fever.—*Waldo, in "Looking Toward Sunset."*

### THE LAW OF CHASTITY.

We are not surprised to learn that Hon. W. C. P. Breckinridge will have opposition when he again offers for Congress. Mr. Breckinridge has been sued for breach of promise, and we do not pretend to say that Mrs. Polk has done so against him. We do not know and we do not intimate that he made the young woman a promise of marriage. But the public believes that Mr. Breckinridge has sinned against the social law—the law of chastity—and he must den his skirts of this charge before he can hope to regain the confidence of the people.

There was a time when the public winked at immorality of this kind among men, and there are those who still do so. But the time has now come when the better class of the American people demand that public men shall be clean in their inner life, and they will not tolerate in office men who are impure and unchaste.

There is but one code of morals and it applies with equal force to both sexes. Chastity in man or woman is the immediate jewel of the soul and it is as binding upon one as upon the other. We long to see the day, and we believe that we shall see it, when society will as surely frown upon the unchaste man as it now frowns upon the unchaste woman, when no guilty man may obtrude his offensive presence into the society of pure woman.—*Richmond State.*

### SUICIDE NOT HEROIC.

Suicide, as an escape from the earthly consequences of one's own misdeeds, is much affected nowadays, and it must be confessed that if escape is all that is desired no surer expedient could be adopted. But if one cares for character or name, it is the least worthy of all expedients.

When a man loses his fortune which he has hardly earned, necessity compels him to go to work to earn another, or at least he tries to keep himself out of the poor-house. But when he loses his character, which is worth more than fortune, he has a more imperative motive for re-earning what he foolishly parted from. True it is easier to build up a shattered fortune than regain a good name, but the greater prize is worth the greater effort.

Besides, to quit life at such a time is to repudiate every obligation imposed by natural affection to parents, wife and children, who have the right to demand that no taint be put upon them. The individual himself may escape by suicide. But the children he has brought into the world cannot. He simply handicaps them in the struggle for existence and slips away, leaving them a heritage of shame. To live down wrong-doing and right one's self after having wandered so far out of the one true way is hard to do, but the manly man will not hesitate to live and undertake the task.—*St. Louis Post-Dispatch.*

### A DRUNKARD'S WILL.

I leave to society a ruined character, a wretched example, and a memory that will soon rot.

I leave to my parents the rest of their lives, as much sorrow as humanity, in a feeble and decrepid state, can sustain.

I leave my brothers and sisters as much mortification and injury as I well could bring upon them.

I leave to my wife a broken heart, a life of wretchedness and shame, to weep over my premature death.

I give and bequeath to each of my children poverty, ignorance, low character and a remembrance that their father was a monster.

### DRESSING PRETTY NECKS.

It is frequently noticeable that the slender woman covers her neck with confusion when wearing a low-cut dress, but even a beautiful neck is not more lovely if fitted over with a seamless yoke of trim patent or emerald-tinted material. A tiny edge of ruffle may finish the yoke at the neck, trim may be drawn full with a dainty, narrow ribbon, or, again, it may simply disappear under a necklace.—*St. Louis Star Sayings.*

John C. Scarborough, of Johnston County, Superintendent of Public Instruction; salary \$1,500; \$500 per annum additional traveling expenses.

Frank I. Osborne, of Mecklenburg County, Attorney General; salary \$1,000. Reporter to Supreme Court; salary \$1,000.

Francis H. Cameron, of Wake County, Adjutant General; salary \$600.

J. C. Ellington, of Johnston County, State Librarian; salary \$1,000.

T. P. Jerman, of Warren County, Chief Clerk to Auditor; salary \$1,000.

S. F. Telfair, of Beaufort Co., Private Secretary to Governor; salary \$1,200.

C. L. Hinton, of Wake County; Executive Clerk; salary \$600.

W. P. Batchelor, of Wake Co., Chief Clerk to Sec. of State; salary \$1,000.

H. M. Cowan, of Chatham County, Chief Clerk to Treasurer; salary \$1,500.

Ernest B. Bain, of Wake County, Teller; salary \$750.

R. L. Burkhead, of Wayne County, Clerk for Charitable and Penal Institutions; salary \$800.

C. M. Roberts, of Vance County, Superintendent of Public Buildings and Grounds; salary \$850.

## STATE BOARD OF EDUCATION.

The Governor, Lieutenant Governor, Secretary of State, Treasurer, Auditor, Superintendent of Public Instruction and Attorney General constitute the Board.

## UNIVERSITY OF NORTH CAROLINA.

(Chartered 1789, Founded 1793, Opened 1795.)

Located in Chapel Hill, 23 miles N. W. from Raleigh. Is non-political and non-sectarian. Gives free tuition to sons of all ministers, to candidates for the ministry, to public school teachers and to young men under bodily infirmity. Loans and scholarships for needy young men of talent and character. Offers four general courses of study with wide range of electives, six brief courses, a normal course for teachers, also special courses in law, medicine and engineering, and an unlimited number of optional courses. There were 400 students in 1893-'94.

FACULTY.—George Tayloe Winston, A. M., LL.D., President; Kemp Plummer Battle, A. M., LL.D., Professor of History; Francis Preston Venable, Ph. D., F. C. S., Professor of Chemistry; Jos. Austin Holmes, B. S., F. G. S., A. State Geologist; Collier Cobb, A. M., Professor of Geology and Mineralogy; Joshua Walker Gore, C. E., Professor of Natural Philosophy; John Manning, LL.D., Professor of Law; Thomas Hume, D.D., LL.D., Professor of English Language and Literature; Walter D. Foy, M. A., Professor of Modern Languages; Eben Alexander, A. M., Ph.D., Professor of the Greek Language and Literature (on leave of absence as Minister to Greece, Washington, C. E., Professor of Mathematics and Engineering; Richard H. Woodard, M. D., Professor of Anatomy, Materia Medica and Physiology; Henry Horatio Williams, A. M., B. D., Professor of Mental and Moral Science; Henry A. Wilson, A. M., Ph. D., Professor of Biology; Kull P. H. Crutcher, A. M., Professor of the Latin Language and Literature; Howard Burrill Shaw, A. B., B. C. E., Instructor in Mathematics and Engineering; Edwin A. A. Brown, Ph. B., Professor of the History and Philosophy of Education; Herbert C. Tolman, Ph. D., Professor of Sanskrit and Acting Professor of Greek; A. J. Edwards, Assistant in Chemical Laboratory; De Berniere Whitaker, Assistant in Physical Laboratory; Charles Baskerville, B. S., Instructor in Chemistry and Assaying; James T. Pugh, A. B., Instructor in Latin; J. W. Gore, Secretary and Registrar; W. T. Patterson, Bursar; Prof. Alexander, Librarian; F. C. Harding, A. ## PUBLIC WORKS AND INSTITUTIONS IN NORTH CAROLINA.

## THE N. C. INSTITUTION FOR THE DEAF AND DUMB AND THE BLIND

The North Carolina Institution for the Deaf and Dumb and the Blind is located at Raleigh, and comprises two separate departments—one for the whites, in the northwestern part of the city, the other for the colored in the southeastern part of the city.

OFFICERS.—W. J. Young, Principal; John G. B. Grimes, Steward; Samuel McD. Tate, *ex officio* Treasurer.

BOARD OF TRUSTEES.—R. S. Tucker, President; B. F. Park, C. D. Heartt, John R. Williams, Dr. H. C. Herring, James A. Biggs, B. F. Montague.

The Institution has a full corps of teachers in the deaf-mute and blind departments at both buildings. The buildings can accommodate about 250 pupils. The course of instruction includes eight years. Applications for admittance of pupils should be made to the Principal.

## NORTH CAROLINA INSANE ASYLUM.

Situated in the vicinity of Raleigh, and will accommodate 300 patients.

RESIDENT OFFICERS.—Dr. Wm. K. Wood, Superintendent; Dr. Francis T. Fuller, First Assistant Physician; Dr. William H. Cobb, Jr., Second Assistant Physician; William R. Crawford, Jr., Steward; Mrs. M. E. Whitaker, Matron.

BOARD OF DIRECTORS.—John B. Broadfoot, Cumberland County, President of Board; R. R. Cotton, Halifax County; Dr. Geo. A. Foote, Warren County; Capt. J. B. Burwell, Wake County; Capt. J. D. Biggs, Martin County; Dr. Geo. L. Kirby, Wayne County; Maj. J. B. Broadfoot, Cumberland County; Dr. R. H. Speight, Harnett County; B. F. Boykin, Esq., Sampson County.

EXECUTIVE COMMITTEE.—Capt. J. B. Burwell, Dr. Geo. A. Foote, Capt. B. F. Boykin.

OFFICERS.—Hon. Samuel McD. Tate, Treasurer *ex officio*; W. T. Smith, Esq., Keeper of Records.

## STATE HOSPITAL, MORGANTON.

OFFICERS.—P. L. Murphy, M. D., Superintendent; Isaac M. Taylor and C. E. Ross, Assistant Physicians; F. M. Scroggs, Steward; Mrs. C. A. Marsh, Matron.

DIRECTORS.—James P. Sawyer, Buncombe County, President; I. I. Davis, Burke County; J. P. Caldwell, Iredell County; J. G. Hall, Catawba County; Dr. H. T. Bahnsen, Forsyth County; Dr. G. H. P. Cole, Henderson County; E. R. Hampton, Jackson County; J. C. Mills, Burke County; G. W. F. Harper, Caldwell County.

## EASTERN N. C. INSANE ASYLUM.

OFFICERS.—Dr. J. F. Miller, Superintendent; Dr. W. W. Faison, Assistant Physician; Capt. Daniel Reid Steward; Mrs. B. V. Smith, Matron; John W. Wilson, Engineer; John Pate, Farmer; Mrs. Victoria Bryan, Seamstress.

EXECUTIVE COMMITTEE.—Dr. J. W. Vick, Johnston County, Chairman, L. H. Costex and John F. Southerland, Wayne County.

BOARD OF DIRECTORS.—Dr. J. W. Vick, Johnston County, Dr. N. M. Culbreth, Columbus County; J. L. McLean, Robeson County, W. F. Roundtree, Craven County; H. E. Dillon, Lenoir County; L. H. Costex, Wayne County; Jno. F. Southerland, Wayne County; Dr. M. B. Pitt, Edgecombe County; Theophilus Edwards, Greene County.

## BUREAU OF LABOR STATISTICS.

B. R. Lacy of Wake County, Commissioner, salary \$1,500; Logan D. Terrell, Wake County, Clerk, salary \$900. Office in the Supreme Court Building.

## NORTH CAROLINA AGRICULTURAL SOCIETY.

OFFICERS—President, Julian S. Carr, Durham, Durham County; VICE-PRESIDENTS (Permanent).—Hon. Kemp P. Battle, Raleigh, Wake; M. Holt, Albemarle; W. G. Upchurch and P. H. Bell, A. S. C.

FOR STATE AT LARGE.—S. B. Alexander, Mecklenburg; M. C. Warren; A. T. Mial, Wake; H. E. Frie, Forsyth; K. P. Plummer, Orange; Charles M. McDonald, Cabarrus; J. A. May, Haywood. The President of all county fairs.

COR. SEC. AND MANAGER.—H. W. Ayer.

## NORTH CAROLINA DEPARTMENT OF AGRICULTURE.

W. F. Green, Chairman, Franklinton; W. R. William, Falkland; J. E. Coffield, Everetts; W. R. Capchart, Avoca; W. L. Stephens, Canton; J. H. Gilmer, Greensboro; J. F. Payne, Alam; Dr. F. R. Melchard, Monticaine; H. E. Fries, Salem; C. D. Smith, Franklin; John Robinson, Commissioner Agriculture and Immigration; T. K. Bruner, Secretary; Inspectors—George S. Terrell and P. C. Emiss.

## STATE NORMAL AND INDUSTRIAL SCHOOL AT GREENSBORO, N. C.

This school was chartered by the General Assembly of 1891. The first session was opened in the fall of 1892. The following constitute the officers and Faculty for 1893-'94:

BOARD OF DIRECTORS.—J. C. Scarborough, President, Wake County; T. McK. Goodwin, Secretary, Wake County; B. F. Aycock, Wayne County; Hugh Chatham, Surry County; R. D. Gilmer, Haywood County; A. C. McAlister, Randolph County; M. C. S. Noble, New Hanover County; W. P. Shaw, Hertford County; J. M. Spainhour, Caldwell County; R. H. Stancell, Northampton County.

FACULTY.—Chas. D. McIver, A. B., Litt. D., President, Pedagogics and Civics; Mrs. S. M. Kirkland, Lady Principal; P. P. Claxton, A. B., Pedagogics and German; J. Y. Joyner, Ph. D., English Literature and Methods of Teaching Arithmetic; Gertrude W. Mendenhall, B. S., Mathematics; Dixie Lee Bryant, B. S., Geology, Biology and Physical Geography; Mary M. Petty, B. S., Chemistry and Physics; Viola Bellie, L. L., Latin and French; Annie M. Graves, M. D., Physiology and Hygiene; Maud E. Broadaway, Physical Culture; Lucy H. Robinson, History and Reading; Vocal Culture; Melville Vincent Fort, Industrial Art; Edith A. McIntyre, Domestic Science; Sue May Kirkland, Habits and Manners; T. J. Forney, Busar, Business Department; Fannie Cox Bell, Director of Observation and Practice School; Mrs. W. P. Conway, Matron.

There was an attendance of 223 girls the first year, representing 70 counties.

## CLERKS U. S. CIRCUIT AND DISTRICT COURTS

W. C. Brooks, Elizabeth City; George Green, Newbern; W. H. Shaw, Wilmington; James E. Reid, Asheville; H. C. Cowles, Statesville and Charlotte; Samuel L. Trogdon, Greensboro; N. J. Kiddick, Raleigh.

## ABOUT DR. WM. CLOSS.

The mere mention of the name of Dr. William Closs will call up a host of happy thoughts in the minds of thousands of people in North Carolina. He was one of those grand old pioneers and patriots of the Southern States whose memory should be cherished for aye. His noble and generous life for his fellow-man, and his earnest and constant devotion to the promotion of the influence and saving power of the Christian religion, were well known. With a heart full of faith, with an industry that never relaxed, with a courage that never wavered, and with a judgment that seldom erred, he was justly and justly admired—yea, venerated. Possessed of commanding stature, piercing and penetrating eye, with a massive forehead, an earnest and thoughtful expression, and with a magic voice that fascinated and charmed, he was a man who associates and left the impress of his intellect and piety upon the hearts of thousands of grateful, regenerated hearts.—*Unionist and*

## THE STORY OF JIM JONES.

Jim Jones, he was a candidate for office—so he was;  
 He'd been workin' clean from daylight in the Democrat camp;  
 He'd heard about the salary an office-holder draws -  
 So he went in for an office in the mornin'!

He brushed his old black beaver an' he polished up his boots,  
 He got him twenty packag's of Georgia-made cheroots,  
 An' they missed him from the village an' political disputes -  
 For he went in for an office in the mornin'!

But the office wasn't comm', an' they told him for to wait;  
 The road was kinder crooked when he thought it kinder straight,  
 But Jones—he kept a'swingin' on the Democratic gate,  
 "For," said he, "I'll ketch the office in the mornin'!"

Soon the Congressmen had smoked up every one o' his cheroots,  
 An' the mul had worn the polish from the leggin's of his boots,  
 An' the office jes' got mixed up in political disputes,  
 An' Jones—he kinder weakened in the mornin'!

So he boarded of a freight train that was runnin' by the rule,  
 For he didn't have a dollar, an' was feelin' like a fool;  
 An' then he went to plowin', with a mortgage on his mule -  
 An' he cussed out every office in the mornin'! F. A. S.

## SIAMESE TWINS AGAIN.

They were natives of Siam. After traveling all over the world and accumulating a large fortune, they married two sisters (Gates) in Wilkes County, and after settled in Surry County on a large farm not very far from Mt. Airy, about 1845 or '50. They were said to have been fine farmers, very industrious and quite well skilled in doing many kinds of manual labor, such as cutting down trees, loading and driving the wagon, plowing, &c. They had a kind of double house, and one family lived in each end. They each had eight or ten children, which they educated liberally. I think two of 'bree were nutes and were educated at the North Carolina Institution for the Deaf and Dumb, and the Blind in Raleigh. My friend Z. W. Haynes, a mate teacher, married one of the daughters, and now lives in Raleigh. He will be able to correct any mistakes I may have made in this short article. After settling down to private life they were known by the name of Bunker—Chang Bunker and Eng Bunker.

A neighbor of mine once visited them and told me that they slept on a large double bed—the twins in the middle and the wives on the outside. The families did not entirely agree after they grew to be numerous, so the husband's bought another farm adjoining and then alternated themselves between the farms—a week at each one. Having lost their ne, roes and much other property by the war, they set about regaining and put themselves on exhibition at Barnum's in New York, where I saw them in 1865 or '66. There are many other things of peculiar interest about them which I hope Prof. Z. W. Haynes will be pleased to tell us. L. E. BRAYSON.

"God be thanked for books. They are the voices of the instant and the dead, and make us heirs of the spiritual life of past ages. Books are the true levelers. They give to all, who will faithfully use them, the society, the spiritual presence of the best and greatest of our race. No matter how poor I am, no matter though the prosperous of my own time will not enter my obscure dwelling. If the sacred writers will enter and take up their abode under my roof, if Milton will cross my threshold to sing to me of Paradise, and Shakespeare to open to me the worlds of imagination and the workings of the human heart, and Franklin to enrich me with his practical wisdom, I shall not pine for want of intellectual companionship, and I may become a cultivated man though excluded from what is called the best society in the place where I live."—*Channing*.

# COLLEGE OF PHYSICIANS AND SURGEONS.

## RICHMOND, VIRGINIA.

*HUNTER McGUIRE, M. D., LL. D., President.*

*JOSEPH A. WHITE, A. M., M. D., Secretary.*

### A THREE YEARS' GRADED COURSE,

Comprising the Following Departments:

<b><u>MEDICINE,</u></b>	THOMAS J. MOORE, M. D., Chairman.
<b><u>DENTISTRY,</u></b>	LEWIS M. COWARDIN, M. D., D. D. S., Chairman.
<b><u>PHARMACY,</u></b>	T. A. MILLER, Ph. G., Chairman.

The next regular session of the College of Physicians and Surgeons, Richmond, Va., will begin October 2, 1894, and continue six months. The Course will consist of Recitations, Didactic and Clinical Lectures—special attention being devoted to Laboratory Work—Demonstrations on the Cadaver, etc., and Clinics, according to the grade of the student.

**IN DENTISTRY AND PHARMACY** Every Facility is Afforded for Thorough Practical and Laboratory Instruction.

**T**HIS COLLEGE has been established in Richmond, Virginia, the historic city of the South, in order to give SOUTHERN MEDICAL, DENTAL AND PHARMACY STUDENTS the same high grade facilities in a Southern climate as are offered by similar institutions beyond the Potomac. Everything being equal, high grade, able instructors, clinical advantages, there is every reason for Southern students to patronize home institutions. The corps of professors and teachers has been selected from among the prominent men in Virginia and North Carolina; the grade of the School has been placed high enough to make a graduate proud of his diploma; and the laboratory and clinical facilities all that could be desired. No expense has been spared to gain this end. The laboratories are large and well equipped for thorough instruction in Chemistry, Histology, Pathology, Physiology, Bacteriology, Pharmacy, and Mechanical Dentistry.

THE VIRGINIA HOSPITAL, with a frontage of 110 feet, adjoins the College buildings, and, with a thoroughly organized DISPENSARY, affords ample clinics and bedside instruction.

THE RICHMOND EYE, EAR, THROAT AND NOSE INFIRMARY, at 217 Governor Street, also adds to the clinical advantages.

Attendance upon three full courses of lectures is required for applicant for graduation in Medicine or Dentistry, and credit is given for courses taken at any accredited Medical School; moreover, this School accepts certificates of proficiency in any branch from any regular College requiring a graded course of three or more years.

For catalogue and particulars as to fees, board, clinical advantages, hospital accommodations, etc., apply to the Secretary.

DR. JOSEPH A. WHITE,

200 E. FRANKLIN STREET, RICHMOND, VA.

\*A three years' course is required for several reasons. Firstly, in the interest of higher medical education, secondly, because it is demanded by the Association of American Medical Colleges, of which this school is a member, and thirdly, because some States have already passed laws making three years of study necessary before a license can be granted to practice.

## THE EDUCATION OF POOR BOYS.

BY DR. JOHN F. CROWELL, President of Trinity College, N. C.

See Advertisement COLLEGE OF PHYSICIANS AND SURGEONS. Page 29.

The first thing that a poor boy needs in order to get an education is an inspiration that he is worth something to himself. Call it ambition, self-esteem or anything else; it is after all the sense of present and future worth of his native powers that affords the point of departure for him. Whence that sense of personal worth we may not know, or how it comes may be a mystery, but it comes as certain as fate. The dull and hopeless Anthony Trollope, whom his father occasionally knocked down with the family Bible, at last broke the crust of his apparent stupidity, and felt his strength like a young eagle.

The second thing needed is confidence in others. A Baltimore young man, about half a century ago, went to a man of wealth and asked him for the use of a few thousand dollars with which to begin business. "What security have you to give?" asked the merchant. "My own personal honor, sir." The loan was made and so was the fortune of the young man. This incident suggests a third essential besides confidence of others, to the getting of an education by a poor boy, that is, integrity and intelligence. No one will care to help to educate a young man whose character is unsound. Nor will any man in his right senses do much for a lazy, loafing young man—I speak of poor young men. Character is better than collateral. The measure of credit which character can command is simply enormous. I met a manufacturer the other day who told me of a merchant who had failed and settled with his creditors for 50 cents on the dollar, with receipts in full. Then some one turned around and offered the creditors 75 cents on the dollar for the other half of the unpaid debt from which the creditors had released their insolvent debtor. Such was the confidence which he had in the man who had failed but not impaired his power to restore himself in business nor lost his integrity in the time of trial.

Integrity, to define more strictly, means wholeness of character. It must be above price; it must be kept entirely out of the market, for as soon as it or a part of it becomes for sale, then men will not be willing to trust it unless it is plastered over with bonds and mortgages, and the poor young man has none of these. Integrity means truthfulness in act, word and thought alike. A liar is a curse to the human family, because it becomes its destroyer. So, then, as a woman guards her honor, must a man guard this part of his possessions called integrity of character, above suspicion of evil.

Diligence comes of a purposeful life. To what purpose can a young man be living who simply eats, drinks, sleeps and breathes the open air on the street corner, as if he had a perfect right to it? Indolence is vice, or the next step to it. He who will not use opportunities is not the one upon whom to spend money. A poor, indolent young man is a prospective pauper, a criminal potentially. If he can be shaken out of his lethargy, his age will be the richer, for poverty may then be a spur to effort. Senator Simon Cameron, who began very poor and became rich, said of his son Don, that he, the father, had one advantage which Don wanted in starting life; that advantage was in being poor. Poverty is nothing to be ashamed of; but on the other hand it is nothing to boast of. I have known young men who made fools of themselves coddling the notion that their poverty entitled them to future greatness. There is about as much virtue in that as there was in the pious dirtiness of the mediæval monks.

A poor young man usually works his way by earning enough to support himself for a time at school or college. If he is a clerk, let him be ambitious to be the best clerk in the store; if a mechanic, let him prove that he is not excelled; if a book agent, let him know that he is carrying the golden treasures of knowledge to thousands to whom the wisdom of the ages would never have come but for him. I thank God for the book agents that have visited the distant rural home of my youth, where the fountains of history were opened to me and the treasures of philosophy were sought in quiet devotion.

Be the best that you can be, young men, then men and women will risk money on you, if you want them to, in your effort to get an education. For every dollar you earn with diligence, integrity and earnestness, you can borrow ten. Every college will trust you to pay your tuition. But be careful about a

Time of Holding Courts.

FIRST JUDICIAL DISTRICT.

*Spring*—Judge Armfield.  
*Fall*—Judge McIver.  
 Beaufort—†Feb. 19th, May 28th, Nov. 26th.  
 Currituck—March 5th, Sept. 3d.  
 Camden—March 12th, Sept. 10th.  
 Pasquotank—March 10th, Sept. 17th.  
 Perquimans—March 26th, Sept. 24th.  
 Chowan—April 2d, Oct. 1st.  
 Gates—April 6th, Oct. 5th.  
 Hertford—April 16th, Oct. 15th.  
 Washington—May 7th, Nov. 5th.  
 Tyrrell—April 23d, Oct. 22d.  
 Dare—April 30th, Oct. 29th.  
 Hyde—May 14th, Nov. 12th.  
 Pamlico—May 21st, Nov. 19th.

SECOND JUDICIAL DISTRICT.

*Spring*—Judge Graves.  
*Fall*—Judge Armfield.  
 Halifax—†March 5th, May 14th, Nov. 12th.  
 Northampton—April 2d, †Aug. 6th, Oct. 1st.  
 Bertie—Feb. 5th, April 30th, Oct. 20th.  
 Craven—†Feb. 12th, May 28th, Nov. 26th.  
 Warren—March 10th, Sept. 17th.  
 Edgecombe—April 16th, Oct. 15th.

THIRD JUDICIAL DISTRICT.

*Spring*—Judge Bynum.  
*Fall*—Judge Graves.  
 Pitt—Jan. 8th, March 5th, †April 2d, Sept. 17th, †Dec. 3d.  
 Franklin—Jan. 22d, April 10th, Oct. 22d.  
 Wilson—†Feb. 5th, June 4th, Oct. 2th.  
 Vance—Feb. 10th, May 21st, Oct. 1st.  
 Martin—March 10th, Sept. 3d.  
 Nash—April 30th, Nov. 19th.

FOURTH JUDICIAL DISTRICT.

*Spring*—Judge Hoke.  
*Fall*—Judge Bynum.  
 Wake—\*Jan. 8th, †Feb. 26th, \*March 26th, †April 23d, \*Sept. 24th, †Oct. 22d.  
 Wayne—Jan. 22d, April 10th, Sept. 10th, Oct. 15th.  
 Harnett—Feb. 5th, Aug. 6th, †Nov. 26th.  
 Johnston—March 12th, Aug. 27th, Nov. 12th.

FIFTH JUDICIAL DISTRICT.

*Spring*—Judge Shuford.  
*Fall*—Judge Hoke.  
 Durham—Jan. 15th, March 20th, June 4th, Oct. 5th.  
 Granville—Jan. 24th, April 1d, July 23d, Nov. 26th.  
 Chatham—Feb. 12th, May 7th, Sept. 24th.  
 Guilford—Feb. 19th, May 27th, Aug. 27th, Dec. 10th.  
 Alamance—March 12th, May 21st, Nov. 12th.  
 Orange—March 19th, Aug. 6th, Oct. 29th.  
 Caswell—April 9th, Aug. 1th, Oct. 2d.  
 Person—April 16th, Aug. 10th, Nov. 19th.

SIXTH JUDICIAL DISTRICT.

*Spring*—Judge Brown.  
*Fall*—Judge Shuford.  
 Pender—March 5th, Sept. 3d.  
 Greene—Feb. 27th, Aug. 10th, Nov. 26th.  
 New Hanover—†Jan. 2d, †April 17th, †Sept. 24th.  
 Lenoir—May 7th, Nov. 14th.  
 Duplin—Feb. 14th, Aug. 17th, Dec. 1st.  
 Sampson—Feb. 14th, Apr. 17th, Oct. 5th.  
 Carteret—March 14th, Oct. 2d.  
 Jones—March 14th, Oct. 2d.  
 Onslow—April 9d, Nov. 17th.

SEVENTH JUDICIAL DISTRICT.

*Spring*—Judge Bryan.  
*Fall*—Judge Hoke.  
 Columbus—Feb. 27th, July 10th, Nov. 26th.  
 Anson—†Jan. 2th, †Apr. 10th, †Sept. 1d, †Nov. 2th.  
 Cumberland—Jan. 2d, May 1st, July 23d, †Nov. 12th.  
 Robeson—Jan. 2th, \*May 21st, Oct. 1st.  
 Richmond—Feb. 5th, June 4th, Oct. 2d, 17th, Dec. 3d.  
 Bladen—March 10th, Tuesday, Sept. 23d, Tuesday.  
 Brunswick—April 1th, Sept. 1th.  
 Moore—March 10th, †Aug. 10th, †Aug. 2th, †Dec. 1th, †Dec. 1th.

(CONTINUED FROM PAGE 30.)

dishonest memory; one that forgets obligations or even settles down to the abominable heresy that after all the world owes you a living and that the institution can thank fortune for having had the chance to educate you.

The financial means for a poor young man aspiring after an education are the least difficult to obtain, if the young man has character and can prove that there is something in him. Given character and grit, and he will wedge his way through without asking odds. But he must deny himself of some things in order to make sure of other things. If an education is really what he seeks, let him if possible lay other things aside except so far as they contribute to his main purpose. This is a hard lesson to learn—the long-continued concentration of energies in the line of a well-settled purpose. The majority of men do otherwise; as Emerson says, The key to all ages is imbecility. Most poor young men lack encouragement from their surroundings. Their friends seldom understand them, and were it not for their mothers the world would be far poorer in greatness than it is. It takes pluck to break through the shell of uninspiring environments such as envelope the life of many a country hero. Custom often turns up its nose at the one who attempts to rise above his fellows in his attainments. We fool ourselves in thinking that we Americans are entirely free to emerge from one class to another. Our ignorant democracy, in frowning down aspirations after something above the common level, is no less contemptible than any aristocracy of Europe. We rave at Russia; we pity her in our ignorance of the fact that a peasant boy of talent and real worth has an open way to honor and glory even into the ranks of social and political life; the Universities are open to him, the academies welcome him for his worth. But who has not found the notion extant that a man's social standing may be estimated from the price he pays for board! Yet I do not agree with Dickens, that we are a nation of gluttons.

The chances are, I think, in favor of poverty in the long run. What by eating themselves to gout, and by softening themselves with luxury, or working themselves to pieces in business, the wealthy have not many generations of success to their credit. And yet they have and may hold the field on the one inviolable condition—*self-denial*. That virtue to the rich is what the sacrifices of poverty are to the poor, both serving as the needed spur to higher aims. Knowledge was sweeter than sleep to him who read by the light of the pine-knot on the hearth. But that was a necessity to him and of that he made a virtue. To the rich young man, the invitation to the feast or the reception means much small talk from people who have left their individualities at home. The social pressure is great enough to test his strength of self-denial. All credit then to wealthy young men who fight it off for higher things. The wise young man of wealth finds better company in books in which individuals are set loose. But the poor young man need not assert himself against such inducements; he saves that much energy of resistance at least. The solitude of poverty is congenial to him. Chances and risks are counterparts, and poverty ever has its opportunities and its dangers.

Education never ends. After the trial of abstinence, to the poor student comes the flush of success. It makes him unsteady, it is apt rather to do so. His solitude has been his armory; his contact with men to get a livelihood has been the battle field of his life, and the touchstone of his creed. Where should a poet live? asks Longfellow. In the city. Others say in the country. The ages say—with humanity, past, present and future. But when we see a class of present society capture a genius that was once poor, then there is a crisis at hand. It is only when his attainments shall have made him notorious that the social world, so-called, wishes to touch elbows with him. Until poverty is sugared over with greatness, society would feel quite uncomfortable to find him in its pew at church. That world laid hold on poor Burns and made him a guzzling gauger. Genius cradled in poverty can rarely stand the discipline of luxury; it is much less able to survive it than the rich to survive poverty. The reason, it seems to me, is this: that genius, once led out of poverty into luxury, cuts off its communion with the ages and lives with those who live in and for the present alone. But that is not education, that is abduction. Of it this age must beware.

TRINITY COLLEGE.

JOHN F. CROWELL, PRESIDENT, DURHAM, N. C.

TRINITY COLLEGE INN - TRINITY PARK.

The buildings are the finest and best adapted in the State. The Staff of Instructors is chosen for its merit in and devotion to the work of educating students. Terms begin Sept. 1 and Jan. 4. Rooms may be secured and interesting information given by application to JOHN F. CROWELL, PRESIDENT, Durham, N. C.

FOR 1894-5 THE FOLLOWING DEPARTMENTS ARE OPEN FOR INSTRUCTION:

1. Philosophical and Literary (for A. B. candidates).
2. History, Political and Social Science (for Ph. B. candidates).
3. Scientific (for B. S. candidates).
4. Technological (for B. E. candidates).
5. Law School (Summer Term opens July 14).
6. Theological (for ministerial candidates).
7. Commercial courses preparatory for business pursuits.

Besides these there are three special schools with courses of a more practical or professional character:

1. The Normal School for Teachers; 10 courses of professional instruction for one year.
2. School of Journalism, Prof. John L. Weber, Director; full courses of instruction in English, Economics, Civics, Political Science, History, Sociology and daily practice in newspaper work required.
3. School of Finance, Economics and Administration. Two years' courses in the higher studies related to public interests.

eight years, based upon small fixed monthly payments, and  
forming one of the safest and most profitable investments.

For particulars write to the **MECHANICS AND INVESTORS' UNION,**  
George Allen, Secretary. Raleigh, North Carolina

**AGENTS WANTED.**

Works of Charles Dickens In Twelve Large Volumes For Only One Dollar.

Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skilfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the times in which we live. The twelve volumes in this set contain the following world-famous works, each one of which is published *complete, unchanged, and absolutely unabridged*

DAVID COPPERFIELD,  
MARTIN CHUZZLEWIT,  
NICHOLAS NICKELBY,  
DOMBEY AND SON,  
BLEAK HOUSE,  
LITTLE DORRIT,  
OUR MUTUAL FRIEND,  
PICKWICK PAPERS,

BARNABY RUDGE AND CHRISTMAS  
STORIES.  
OLIVER TWIST AND GREAT EXPECTATIONS.  
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER.  
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

RALEIGH, N. C.

# THE ELECTROPOISE.

H. STEINMETZ, Florist, North Halifax Street, near Peace Institute, Raleigh, N. C.

The *ELECTROPOISE* cannot now be ignored. It is an established *fact*. Oxygen is the great life force. We cannot live without Oxygen. Nature supplies the oxygen needed through the lungs. When the lungs are diseased the supply is largely cut off, or when the man is weak and breathes slowly and feebly the needed oxygen is not supplied to the blood.

The *Electropoise* supplies the oxygen directly to the blood without any effort on the part of the patient.

It is the simplest of all treatments.

It is bound to come quickly into universal use. One answers for a whole family, and will last for many years. You buy no more drugs, and hence the *Electropoise* will quickly pay for itself.

I know of many families now using the *Electropoise*, and not one is willing to give it up, or let it go out of the house.

Last summer I bought one for an invalid member of my family. The effect has been truly a benediction. The *Electropoise* is now the favorite of the whole family. We could not let it go out of the house. Providence, in mercy, sent it along this way.

I can sell you one for \$25 cash down, regular price. Or I can rent you one *three months* for \$10 cash. You can then return it or keep it by paying \$17.50 additional.

I am authorized to receive orders by mail.

REV. LEVI BRANSON,

Exclusive Agent for Randolph and Rockingham Counties

RALPHIGH, N. C.

# ALLISON & ADDISON,

MANUFACTURERS OF THE CELEBRATED

STAR  BRAND AND ANCHOR  BRAND

## FERTILIZERS

For Tobacco, Cotton and Corn.

These fertilizers now need no commendation from us, as they have a standard reputation of over twenty-six years, and the most successful farmers and planters everywhere in Virginia and North Carolina testify to their superior merits.

The constantly increasing demand is the best evidence of their value.

Every bag is guaranteed to be of standard quality.

For sale by agents everywhere in Virginia and North Carolina.

For further particulars, address

ALLISON & ADDISON, Manufacturers,

RICHMOND, VA.

### The Sick Healed.

### The Weak Made Strong.

If you are sick or debilitated, do not be discouraged. Compound Oxygen has wrought many wonderful cures, and has given strength to many. We know this to be true from our own experience of twenty-five years, and we are ready to furnish abundant proof.

It is worth your while to examine the evidence, which you can do by writing to us, when we will send you, free of charge, our book of two hundred pages, with numerous testimonials and records of surprising cures of asthma, bronchitis, catarrh, consumption, nervous prostration, neuralgia, rheumatism, and other forms of disease and debility.

Home Treatment is sent out by express, to be used at home.

Office Treatment is administered here. Consultation free.

The effects of both treatments are the same.

Our great success has given rise to numerous imitations. As there is but one Compound Oxygen which is genuine, avoid disappointment and loss of money by sending to

**Drs. STARKEY & PALEN,**

1529 Arch St., Philadelphia, Pa., San Francisco, Cal.,

Toronto, Canada.

# Little's White Oil,

FOR MAN OR BEAST.

Read, try and you will be convinced that Little's White Oil will do all that it claims, and even more. For fifty years it has been on the market, and, notwithstanding it has not been advertised, yet, on account of its great merit, it is sold from Maine to Texas. For Swelled Joints, Cuts, Sprains, Bruises, Saddle and Collar Galls, Scratches, Poll Evil and Fistula, it has no equal.

For sale by druggists and country stores, and if not obtainable, write to

Price, POWERS-TAYLOR DRUG COMPANY,  
50 Cents. Wholesale Agents, Richmond, Va.

## POWERS' TONIC

# Hypophosphites

Is a carefully prepared combination of Pure Chemicals in perfect solution, admirably adapted for Pulmonary Diseases, and for all persons suffering from general debility and broken-down constitution. It is neatly put up in full pint bottles, containing more than any similar preparation, and is sold at less price. It is endorsed by many of the leading medical men of the country, and we have many certificates from same. We only give one as a sample:

"WALDO, FLORIDA, May 31, 1879.

"I have used Powers' Hypophosphites in many cases of general debility, and can recommend it as one of the best preparations before the public."

"C. R. CELLEN, M. D."

Ask your druggist for it and take no other.

Price, \$1. POWERS-TAYLOR DRUG COMPANY,  
Richmond, Va.

# BRANSON'S

# Agricultural Almanac!

## GOLDEN WORDS:

**NEWS-OBSERVER-CHRONICLE**:—"Great care has been taken to secure absolute accuracy in the Court, calendar and the officers of public institutions. This, with the two pages giving the County officers all over the State, make it an Almanac of very great value. Unquestionably, 'no other like it.'"

**DURHAM DAILY SUN**:—"Branson's Almanac for 1891 comes to us again, valuable as many years past."

**THE NORTH CAROLINIAN**:—"Branson's Almanac for 1891 is at hand and is always welcome."

**THOMASVILLE NEWS**:—"Branson's Almanac for 1891 is before us, bright and accurate as usual."

**THE LIVING-STONE**:—"The calculator, owner and publisher, Levi Branson, A. M., D. D., accept our thanks for a copy of Branson's Almanac for 1891. Each year is an improvement on the former one. Our State pride compels us to admire it."

**DAVIE TIMES**:—"It is reliable, and saves every family much valuable time."

**BRYSON CITY TIMES**:—"The Almanac is always carefully calculated, and is what it aims to be, that is, 'a valuable hand-book of information'."

**ALAMANCE GLEANER**:—"Worthy of a place in every household. One can hardly find a better book of greater value."

**DAVIDSON DISPATCH**:—"It is one of the best of its kind."

**SPIRIT OF THE SOUTH**:—"It is well filled with useful information, and is richly worth the price, ten cents."

**DAILY WORKMAN**:—"Persons who have used Branson's Almanac for past years will not be disappointed with the coming edition."

**PROHIBITION LEADER**:—"The star edition is superior to any before issued, calculated by Mr. Branson himself. He is a native of the State, and eminently qualified to publish a superior Almanac."

**GOLD LEAF**:—"It is thoroughly reliable and emphatically unsurpassed. The State officers and salaries are given, also the time of holding the County, Superior and Federal Courts. The Branson maxims are well worth reading."

**THE SOUTH**:—"Has many wise sayings in brief form."

**NEWBERN WEEKLY JOURNAL**:—"As a Hand-Book for the people it is full of what is needed by every citizen."

**WESTERN CAROLINIAN**:—"It is what is daily needed by each and every citizen."

**ORANGE COUNTY OBSERVER**:—"Branson's Almanac is useful in every household."

**ROANOKE PATRON**:—"As a hand-book for the people, it is full."

**SPIRIT OF THE AGE**:—"Few names are more familiar to the people of the State than Branson's Almanac."

**HIGHLANDS STAR**:—"This valuable household necessity is taken with it by the Court, all the courts, officers of the State, public institutions," etc.

**LYCURGUS HOFLEER, Register of Deeds Gates County**:—"It is superior to any other Almanac published in the State."

**WEEKLY NEWS**:—"It is the best 10-cent hand-book the farmer, merchant, or every body needs."

**DAILY JOURNAL**:—"Full of valuable reading matter, worth the price of a good horse and place of business. As equal to the best."

**THE TRUTH**:—"The people hang it in the chimney corner, and refer to it every day. It gives them more useful knowledge about the State than could be found in any other book for the same small price."

**LEXINGTON LEDGER**:—"It is well worthy of the support it so readily receives."

# BRANSON'S Agricultural Almanac

## GOLDEN OPINIONS:

*RALEIGH EVENING VISITOR*:—"Dr. Branson takes great care to have all the County officers, State officers, both full and accurate."

*CHRISTIAN SUN*:—"Dr. Branson has for many years done the State valuable service this line, as did Dr. Franklin for the State of Pennsylvania in his day."

*W. R. HARRIS, Troy, N. C.*:—"More information in it than any I have received in years."

*THE CAROLINIAN*:—"This little book is a favorite throughout the State—price, 10 cents."

*TRUTH, Salisbury*:—"Branson's Almanac is a household word."

*WILMINGTON MESSENGER*:—"This number holds up the reputation of this old publication and its varied contents make it a valuable household friend to every North Carolinian."

*WILMINGTON DAILY REVIEW*:—"The Egyptians, Greeks and Romans had their Almanacs and so have all modern people, but perhaps none have better or more valuable than made right here in the Old North State. Dr. Branson has for many years done the State valuable service in this line."

*ORANGE COUNTY OBSERVER*:—"Branson's North Carolina Almanac, as an old friend comes every year with a familiar, smiling face. The title page has a fac-simile of the Seal of arms and of the Great Seal of North Carolina. Every page looks bright and new and yet cheerful as a bosom friend. Much valuable information is given on almost every page about our native State, such as you cannot find in patent medicine calendars. The short calendar on the last page is always handy. Few nouns are more familiar to the golden mediocrity than that of Branson's Almanac. It has carried knowledge, science and fun into thousands of happy North Carolina homes."

*HENDERSON GOLD LEAF*:—"FACTS ABOUT IT—NO OTHER LIKE IT.—"1. The calendar is calculated by Branson himself, and guaranteed to be correct to the nearest half minute, no other like it. 2. It has the weather carefully conjectured according to the best scientific knowledge—no other like it. It stands the test of an intelligent public."

*WINDSOR LEDGER*:—"It is full of useful things."

*SPIRIT OF THE AGE*:—"It has carried knowledge, science and fun into thousands of North Carolina homes."

*PINE KNOT*:—"It certainly merits its long continued prosperity."

## PRICES:

1 Almanac, sent by mail, - - - - -	\$ .10
1 Dozen Almanacs, sent per mail, - - - - -	.75
1/2 Gross, sent per express, - - - - -	3.75
1 Gross Almanacs, sent per express (card on back),	7.00

# SPECIAL ANNOUNCEMENTS.

The Thirty-fourth Annual Fair of the North Carolina State Agricultural Society will be held at Raleigh, October 16, 17, 18 and 19, 1894.

The people of the State and of other States are cordially invited to participate in the occasion, both as actors and observers; and with this invitation goes the announcement, without reservation, without exaggeration, that this coming event will be the greatest, most comprehensive and most interesting one of the kind ever known in North Carolina.

The aim and object of the Society is to make each Annual Fair more valuable and more instructive to the people than its predecessor; and in connection therewith to engage and produce such features of amusement as have power to educate, and at the same time enrich and enliven the general programme, thus making the week a pleasant and enjoyable one to the many who take it as the occasion for an annual meeting and reunion of acquaintances and friends from all sections of the State.

## ATTRACTIONS.

The Premium List is issued too early this year to permit positive announcement of attractions, but negotiations are being had for the newest and best that the genius of the times has been able to create, and the people may begin preparations for attending the Fair with the assurance that it will present the most novel, beguiling and exhilarating features of amusement procurable.

A special object this year will be to secure and exhibit the products of the State on a larger scale than ever before attempted, and to make the exhibit a great object-lesson for the people. No effort will be spared to make this feature more noteworthy and successful than it has ever heretofore been. The purpose is to have such products displayed in competition for prizes as well as otherwise. Such competition broadens the market for the producer, gives an impetus to trade through the simple exhibition of trade's possibilities and tends to the growth in excellence of everything involved in the contest.

In the following pages will be found the substantial inducements offered to the Agriculturist, Breeder and Manufacturer to exhibit their products. Their interest and co-operation are wanted and their correspondence is earnestly solicited. The premiums are so proportioned as to guarantee the expenses of the majority of worthy exhibitors, and splendidly reward those who excel. It is the privilege of a North Carolinian to exhibit for personal satisfaction; but it is a *duty to exhibit for the benefit of the State at large.*

There will be during the week

SOLDIERS' DAY,

FARMERS' DAY,

EDUCATION DAY.

There will be a particularly special and appropriate programme for each of these days, the details of which will be given later through the State press and various circular publications.

## RAILROAD RATES, ETC.

The Railroads have announced a passenger rate of one fare for the round trip from all points in the State to Raleigh for patrons of the Fair.

Full freight rates will be charged on all exhibits from shipping point to Raleigh. Exhibits will be returned to shipping point free of charge when accompanied by a certificate from the Secretary to the effect that they were properly entered and exhibited at the Fair. This provision does not apply to racing stock.

Arrangements have been made to have all bulky exhibits, except live stock, delivered at the grounds by the railroads.

## EXPRESS, TELEGRAPH, ETC.

The Southern Express Company will charge full rates to Raleigh on articles for exhibition, but will return same to point of shipment free.

The Postal Telegraph Company will have an office on the grounds.

## IMPROVEMENTS.

Various improvements will be made in buildings, stables, stalls, pens, etc., for the convenience of exhibitors and stock.

## RACES.

The large and increasing interest in the development of thoroughbred harness and trotting horses in the State now insures the possibility of having a large field of fine and speedy horses on the race circuit this year, and the Society will seek to eclipse all former efforts in this department. Classes, programmes and purses will be announced about August 15. The race track is the finest in the South.

RALEIGH, N. C.

The Allen and Boyden Company was organized and chartered under the laws of North Carolina, for the purpose of promoting sales of Real Estate, Timber and Mining Property, Water Powers, Mineral Springs, Hotels, Residences, etc., and for giving full and reliable information to persons desiring to settle in the State.

A registry has been opened at the office of the Company, 107 Fayetteville Street, Raleigh, for the purpose of recording property, with full description and price, that may be for sale in any part of the State. Owners of such property, or persons desiring to purchase, are invited to correspond with the Company. No charge is made for registering property, or for giving information. If sales are made, a reasonable commission will be charged.

If you wish to settle, buy or sell, write to

# Mechanics and Investors' Union,

RALEIGH, NORTH CAROLINA.

A Savings and Loan Company for North Carolina investors and borrowers, organized in Raleigh and chartered under the Building and Loan Laws of North Carolina. A Company whose income, or deposits, are all loaned upon city and town real estate in North Carolina on eight years time, with easy monthly payments.

A payment of 65 cents per month will mature \$100 in about eight years time. A payment of \$6.50 per month will mature ten shares, and will return \$1,000 in cash.

If a member, whether an investing or a borrowing member, should die during the time, and before the maturity of the stock, the payments will be made until maturity from the Guarantee Fund, without further cost to his estate.

For information regarding investment stock, or loans, address

GEORGE ALLEN, Secretary,

107 Fayetteville Street, RALEIGH, N. C.

## REGULATIONS.

1. Until this year the management has confined competition to productions of our own State. The bars are thrown down, and competition with us now is open to the world, and friendly challenge extended, except in instances specified.

2. The gates will be open for the admission of visitors at 8 o'clock A. M. each day, and close at 6 P. M.

3. All employees of the Fair must be promptly on hand at their posts at 8 o'clock A. M. each day of the Fair, and remain on duty till six o'clock P. M. (except night force).

4. Every reasonable effort will be made by the officers of the Society and those in charge of the grounds to protect the property on exhibition from loss or damage, but the Society will not hold itself responsible should loss or damage occur.

5. Drunkenness, quarreling, or the use of profane or obscene language, also gambling, pool-selling, or other games of chance, will not be allowed on the grounds, nor fireworks, petroleum, gunpowder, or any other objectionable or dangerous materials whatever.

6. Persons desiring space for the exhibition of articles or machinery not entered for competition must apply to the Secretary as early as possible, giving the name of the exhibitor and article, place of residence, and the amount of space required.

7. Exhibitors of horses, cattle, sheep and swine will be required to display over each stall or pen, occupied by their stock, a placard containing the name, age and breed of animal occupying the stall or pen, and also the name and address of the owner. The placard will be furnished and filled up at the Secretary's office.

8. All officers and employees are requested to wear badges during the Fair.

9. No peddling, hawking or selling of any kind will be allowed in the buildings, on the grounds, except by a special license obtained from the Secretary of the Society.

10. The distribution of handbills or other advertisements that may cause a nuisance is strictly prohibited about the grounds or buildings.

11. No article or animal will be entitled to space until the proper entry has been made. After an article or animal has been entered for a premium it cannot be removed until the close of the Fair without permission from the Secretary or the Supervisor in charge of the department; and if any person removes an article or an animal without such permission, he forfeits all claims to a premium, even if the same may have been awarded.

12. Each department will be under the special charge of one member of the Executive Committee, who shall be known as the Director of that department. He will oversee the arrangement of all articles offered for exhibition in his department and have control of the space assigned to it. He will be assisted in his duties by a special superintendent, who will receive all exhibits, take personal charge of them, counter-sign the exhibitors' coupons, and deliver the articles on the surrender of the countersigned coupons at the close of the Fair.

13. The exhibition of articles not mentioned in the premium list is prohibited. These will be assigned to proper departments, displayed to visitors and reported only by the judges.

14. The Executive Committee reserves the right to withhold a premium in any case in which it shall appear to them that the regulation have not been strictly complied with or that fraud or deception has been practiced or attempted.

15. There will be a free Bureau of Information at the main office, where all objections will be cheerfully answered.

16. Exhibitors must provide at their own cost all show cases, hanging, counters, fittings, etc., which they may require.

17. Exhibitors' business cards, pamphlets, circulars, samples, etc., may be placed within and be distributed from within the space allotted them.

## ADMISSION.

18. The gates will be open at 8 o'clock A. M. each day.

Single ticket, admitting one person once.....	\$ 50
All horses and vehicles, except vehicles for hire.....	Free
Each person in any vehicle, single ticket.....	50
Children between 7 and 12 years of age.....	25
Children under 7, accompanied by parents.....	Free
Badge for Licensed Hack, admitting hack and driver at either gate at all times during the Fair.....	5 00
Badge for Supply Wagon for parties renting stands, admitting wagon and driver to the grounds at all times each day of the Fair.....	1 00
Coupon Tickets, for employees of exhibitors, and good for one admission each day of the Fair.....	1 00

19. Members of committees and Life Members when reporting to the Secretary will receive admission tickets.

20. Laborers employed upon the grounds will apply to the Secretary each evening for admission tickets to the grounds next morning.

21. No person will be permitted to remain on the grounds over night, except those holding permits, which must be secured from the Secretary.

22. No reduced rates will be given to schools or organized bodies or combinations of persons.

23. **SPECIAL RULE (a).**—The Society makes no charges for space and except in special instances exacts no entrance fees. This is a liberal policy toward exhibitors, and in no case, except where entrance fees are charged, will tickets be issued to exhibitors. Where entrance fees are not charged, tickets will not be issued to exhibitors; nor will tickets be issued to attendants without the payment of \$1.00, which will secure a ticket good for one admission each day of the week. **THERE WILL POSITIVELY BE NO INFRACTION OF THIS RULE.**

24. **SPECIAL RULE (b).**—Complimentary tickets, Life Members' tickets, Committee tickets and Employees' tickets will not be honored at any place of admission except the "PASS GATE" on the Hillsboro road, front of the Fair Grounds.

## ENTRIES.

25. The entry-books will be open at the office of the Secretary of the Society, in the city of Raleigh, from September 15 to and including the Friday next before Fair Week, and at the Secretary's office at the Fair Grounds on Saturday and until 5 o'clock P. M. on Monday, when all entries will close. Much trouble and annoyance may be avoided by observing this regulation.

26. Entries are free except under conditions specially mentioned in the Premium List.

27. Entries may be made in person or by letter. In making entries it will be necessary to give the name of the article, the name and post-office address of the exhibitor, and the premium number under which the article entered is to compete. This is especially necessary in order that the article may be properly entered.

28. All articles which are the product of the soil must be entered in the name of the producer. Those showing **HANDIWORK** or **SKILL** must be entered in the name of the one whose skill they exhibit. Such may be individuals, firms or factories. They must have been made within three years, and not exhibited at any former Fair of this Society. All other property must be entered in the name of the **ACTUAL OWNER**. Any violation of this rule will bar the violator from competing for any premium whatever, and render him and his exhibit liable to expulsion from the grounds.

29. In case special facilities for meritorious exhibits are required, such entries shall be made before September 15. Any person may enter as many different articles as he or she may own, in any department.

30. The same article or animal may compete for the premiums of two or more premium numbers, except when otherwise stated; but, in order to do so, must be entered under each.

31. All entries will be numbered and recorded in the books of the proper Department and Class, and corresponding tags will be issued, which must be attached to the exhibit before such can be placed on exhibition.

32. Contrary to the customs of most agricultural societies, the Society has decided that the names of all exhibitors shall be placed on the cards attached to the articles on exhibition, **except in Department E and Department H**, as to do otherwise deprives exhibitors of one of the main features of these exhibitions, viz., advertising.

33. No person will be allowed to see the entries or have access to the entry-books until after the awards are made.

34. All entries shall be for the first premium of the premium number under which they are entered; but, failing to take the first, shall compete for the second, if a second is offered; and, failing to take the second, shall compete for the third, if any, but shall not be awarded more than one premium under the same premium number.

35. Exhibitors must see to the proper delivery of articles and live stock on the grounds, and to the proper care of the latter, as no charges for transportation or drayage will be paid by the Society.

## EXHIBITS.

36. The grounds will be in readiness for the reception of exhibits any time during Thursday, Friday and Saturday preceding the Fair, but no exhibits will be received Sunday except live stock from a distance that may have been delayed in coming. Neither will exhibitors be permitted to make any arrangements on that day except such as the Superintendent may deem necessary.

37. Articles and animals provided with the required entry tags will be assigned places by Superintendents of Departments until Tuesday, October 16, at 12 o'clock M., after which no more will be received in departments where premiums are offered, except in classes where perishable goods are entered.

38. Exhibitors must see to the proper delivery of articles and live stock on the grounds, and to the proper care of the latter, as no charges for transportation will be paid by the Society.

39. All animals must be exhibited in such places and at such times as the Superintendent in charge shall direct, in accordance with the official programme.

40. Any and all articles obnoxious or repulsive in their character shall be excluded from the grounds, or if entered without being fully known, shall be removed at once.

41. Ladies from a distance desiring to exhibit textile fabrics may ship their goods to the Secretary, but in no case will he, or the Association, be responsible for any loss, damage or breakage. Goods so shipped must be directed to the Secretary, "Main Gate," Fair Grounds, and must arrive not later than Monday, October 15, after which date none will be received. *No package will be accepted unless freight is prepaid.*

*Special notice is hereby given that none but textile goods and art work can be consigned to the Secretary for exhibition or competition.*

42. Exhibitors will be required to keep their space and stalls in a cleanly condition, by removing therefrom any filth or litter, and place it in front of said space or stall, where the scavenger force of the Association may get to it with ease.

43. Should any person misrepresent his exhibit, and a premium be awarded upon it, such premium may be withheld by the Executive Committee.

44. **SPECIAL NOTICE.**—Read carefully this rule as touching all exhibits

Exhibits not in place, and fully installed by 12 o'clock Tuesday, October 16, will receive no attention whatever from Awarding Commitees, or Experts.

This is but just to both exhibitors and management, more so to exhibitors. The prime object of all exhibits is to show them to the public. Provisions are made for and exhibitors should have, five full days in which to do this. The management should fulfill its pledge to give four days' exhibition.

Exhibitors can have the use of halls and grounds for any reasonable number of days preceding opening day proper, in which to place their exhibits. There is no real reason for delay. Hence, it is repeated, this rule will be rigidly enforced for the good of all concerned."

## PREMIUMS.

45. A premium ribbon is a badge of merit; and in no case should it be attached to article or animal where meritorious qualities are lacking.

46. The premiums are designated by ribbons: blue meaning first, red second, and white third premium. These ribbons will be attached only by the Director of each department, or his superintendent, after Judges or Committees have made their awards and the same have been approved by the Director.

47. The Society deems its diploma or medal to possess value equal to a cash premium of twenty-five dollars. The exhibitor entitled to a prize, equal to that amount, will be at liberty to commute a money premium for a diploma or medal, but not the award of a diploma or medal into a money premium.

48. Premiums are payable thirty days after the close of the Fair, and if not claimed by the first day of February, 1895, will be regarded as donated to the Society.

49. Medals and diplomas will be delivered at any time between November 1 and December 31, 1894.

## INSTRUCTIONS TO SUPERINTENDENTS.

50. No Superintendent of Department will be permitted to employ help without written authority of the President or Secretary, and the Fair Association will not become responsible for the pay of help employed without such written authority. An order for all supplies must be obtained from the Secretary.

51. Superintendents of Departments will be in attendance from 8 A. M. to 6 P. M., at their respective posts on the grounds, Monday, October 15, to Saturday, October 20, inclusive. They will have exhibits promptly placed, and Departments must be in complete order by 12 M., Tuesday, October 16.

52. They will receive all property entered for exhibition, see that the tags are securely attached, and place and arrange such property in a suitable and attractive manner.

53. If erroneous entries are made they will make the necessary corrections, or cause such to be made in the official entry-books.

54. Superintendents will point out to the Judges of Award the articles or animals to be inspected, and cause the same to be displayed in their proper places and at the proper time.

55. They will see that order and decorum are observed in their Departments, and that property is protected against damage and loss by accident or otherwise.

56. They will also see that no property is removed before the appointed time, and that the checks are detached from the tags of property when removed, as a means to prevent fraud or mistakes by such removal.

## JUDGES.

57. The Society reserves the right to use either the single or three judge system, or both, during the Fair of 1894. Special care will be taken to secure the best and most competent judge or judges for the various departments that can be had.

58. The Judges of Awards, when ready for duty, shall be furnished by the Secretary with a list of all entries in their respective departments, and books in which their awards are to be recorded.

59. Should any of the Judges previously selected fail to be present, the Director of each department is authorized to select others to fill the vacancies, always endeavoring to select persons duly qualified by their pursuits or experience to make correct awards in each special department. In all cases, the Judges, before awarding any premium, will be careful to see that the requirements of the Premium List have been strictly complied with by the exhibitor.

60. No person, directly or indirectly interested, will be allowed to serve as a Judge, and the Executive Committee will quash the awards in every case, when a person interested has acted as Judge; nor shall a member of the Executive Committee act as Judge of Award or umpire, under any circumstances.

61. Judges are expected and specially instructed not to award premiums to any animal or article because of its presence. It must be individually worthy. It is not the policy of the Society to encourage indifferent productions of any kind, or to dis-

tribute premiums equally among exhibitors, and no premium should be awarded to any animal or article that does not possess high intrinsic merit.

62. When two subjects of the same kind, presented for premiums, are deemed by the Judges of equal merit, and also of such high degree that to confer it alone the premium would be awarded, in such case the award must be to divide the first and second premiums equally between the two competitors; or, in case there should have been no second premium offered, then to divide the first only in like proportion.

63. The Director in charge and the Special Superintendent shall attend the Judges when making the examinations in their respective departments, and furnish them with all required information. *Premiums will not be paid to parties having exhibits where it is proven that they accompanied the Judges when awarding the premiums.* The award when completed, shall be signed by the Judges, and also by the Director, who will take charge of the book and return it to the Secretary. As the awards are made, the Director or his Superintendent will attach the ribbon indicating the award.

64. Decisions of Judges shall be final, and no appeal will be considered except in cases of protest in writing, with strong evidence of fraud or violation of the rules of the Society, which may be filed with the Secretary before the premiums have been presented.

65. Reports must be signed by each Judge in his own hand.

66. Judges cannot award premiums to articles not in the regular premium list, but may make recommendations and file these with the Secretary, who will present them to the Executive Committee.

### GATE-KEEPERS AND POLICE.

67. Gate-keepers will be clothed with police authority, and are required to preserve order at the gates. They must not receive money for admission under any circumstances.

68. All tickets—Life Members' tickets or other tickets—presented by persons not entitled to hold them, must be taken up, and those offering them required to purchase others before entering the grounds.

69. The Superintendent of Police shall have charge of the police force on the grounds (under control of the Secretary), and it shall be his duty, with the assistance of his aids, to preserve order.

70. The policemen shall be sworn in as conservators of the peace and it shall be their duty to arrest any person creating any disorder, or violating any of the rules of the exhibition or laws of the State.

71. The Superintendent of Police shall detail a suitable number of his force for night service, and any one employed, day or night, who shall neglect the particular duty assigned him or leave his *beat* without permission, shall forfeit all or part of his pay, as the Superintendent of Police may determine, and no bill for police service shall be audited except presented and approved by the Superintendent of Police.

72. The policemen and gate-keepers will be promptly on the grounds at 8 A. M. each day of the Fair.

### PRIVILEGES.

73. Application for privileges should be made early to the Secretary, in person or by letter, and a deposit will be required in every instance where a contract is made.

74. One ticket, good for one admission each day of the Fair, will be given for every ten dollars of privilege money paid.

### CARE OF STOCK.

75. Straw for bedding will be furnished by the Society free of charge. Arrangements have been made with a responsible party to furnish hay, corn, and sweet feed on the grounds at market prices, in quantities to suit purchasers.

76. In order to accommodate exhibitors to the best advantage, arrangements will be made to accommodate stalls should be made to the Secretary as early as possible. The use of stables by animals regularly entered for competition.

77. Thursday will be the day of the parade, and all stock must be on the parade or forfeit their premiums, except in cases where stock is so affected by heat, or out, or too vicious, and that to be decided by the Superintendent of Police.

“IT SHOULD BE USED IN EVERY FAMILY OF CULTURE IN WHICH THE ENGLISH LANGUAGE IS SPOKEN.”

• A •

# Standard Dictionary

of the

# English Language

## UPON ORIGINAL PLANS.

Designed to give, in complete and accurate statement, in the light of the most recent advances in knowledge, and in the readiest form for popular use, the Meaning, Orthography, Pronunciation, and Etymology of ALL THE WORDS and the Idiomatic Phrases in the speech and literature of the English-speaking peoples.

Prepared by more than  
Two Hundred Specialists and  
Other Scholars.

The editors engaged upon the various departments of the Dictionary have been selected from the front rank of English and American scholars; each is representative of all that is latest and most approved in his own field of exploration and research; and each is an accepted authority in his sphere. From beginning to end, the Standard Dictionary is the work of men thoroughly equipped in the schools of science, literature, and art, and of experts in all handicrafts and trades.

It seems neither extravagant nor invidious to claim that no more capable and vigorous body of workers, in touch with the spirit and movement of the times, has ever been called to the making of a dictionary in any language. As has been well said, “This Dictionary will be, in fact, the joint product of many minds, reflecting the whole scholarship of the present age.” . . . .

IT EMBODIES MANY NEW PRINCIPLES IN LEXICOGRAPHY. IT CONTAINS OVER 2,200 PAGES; NEARLY 5,000 ILLUSTRATIONS, MADE EXPRESSLY FOR THIS WORK; NEARLY 300,000 WORDS, WHICH IS MORE THAN TWICE THE NUMBER OF WORDS IN ANY OTHER SINGLE-VOLUME DICTIONARY, AND ABOUT 75,000 MORE THAN IN ANY OTHER DICTIONARY OF THE LANGUAGE.

**SOLD ONLY BY SUBSCRIPTION.**

### PRICES:

**SINGLE-VOLUME EDITION**

**TWO-VOLUME EDITION** Per Vol. Per Set.

## COUNTY EXHIBITS.

A display offered as a County Exhibit must include articles and contributions in its make up from not less than seven citizens of the county from which it comes, and the party or parties in charge of the same must present to the Secretary a certificate, signed by a majority of the Board of Commissioners of such county, to the effect that the exhibit is fairly representative in its nature of the county, and sanctioned as such by the Board of Commissioners.

The county of Wake will not compete for the premiums offered.

Articles in County Exhibits cannot compete for other premiums.

# DEPARTMENT B-1.

## HORSES.

P. COWPER, DIRECTOR.

Unless the Judges deem the animal *individually worthy*, they will withhold premium.

Pedigrees for this section must be fully verified and filed for examination and approval with the Directors of this department. Reference will be made to the English Stud Book, the American Turf Register, Wallace's or Bruce's Stud Book, or others of equal standing. Stallions or jacks only admitted to competition that have served ten mares during the season.

Exhibitors of horses will be required to test their animals under the direction of the judge or judges who may have charge of the class in which the entries are made. The judge or judges have full power to rule out of competition all who do not comply with their requirements.

Horses to compete for premiums must be sound, except in cases of stallions or mares injured by accidents which do not impair them for breeding purposes.

The age of horses and foals will be reckoned from January 1. All foals will be considered one year old on the 1st of January succeeding birth.

From 10 A. M. to 4 P. M. all stock must be uncovered, and an attendant there to answer all questions politely.

All stock must take part in the grand parade.

### THE STANDARD

*As Revised and Adopted by the American Trotting Register Association, May 19, 1891.*

In order to define what constitutes a standard bred horse, and to establish a breed of trotters and pacers on a more intelligent basis, the following rules are adopted to control admission to the records of pedigrees. When an animal meets the requirements of admission and is duly registered, it shall be accepted as a standard bred animal:

1. Any trotting stallion that has a record of two minutes and thirty seconds (2:30) or pacing stallion that has a record of two minutes and twenty five seconds (2:25) or better, provided any of his get has a record of 2:35 trotting, or 2:30 pacing, or better, or provided his sire or dam is already a standard animal.

2. Any mare or gelding that has a trotting record of 2:30, or pacing record of 2:25, or better.

3. Any horse that is the sire of two trotters with records of 2:30, or two pacers with records of 2:25, or one trotter with a record of 2:30, and one pacer with a record of 2:25, or better.

4. Any horse that is the sire of one trotter with a record of 2:30, or one pacer with a record of 2:25, or better, provided he has either of the following additional qualifications: (1) A trotting record of 2:35, or a pacing record of 2:30, or better. (2) Is the sire of two other animals with trotting records of 2:35, or pacing record of 2:30, or one trotter with a record of 2:35, and one pacer with a record of 2:30, or better. (3) Has a sire or dam that is already a standard animal.

5. Any mare that has produced a trotter with a record of 2:30, or a pacer with a record of 2:25, or better.

6. The progeny of a standard horse when out of a standard mare.

7. The female progeny of a standard horse when out of a mare whose sire is a standard horse.

8. The female progeny of a standard horse when out of a mare whose dam is a standard mare.

9. Any mare that has a trotting record of 2:35, or a pacing record of 2:30, or better, whose sire or dam is a standard animal.

# DEPARTMENT B-2.

## CATTLE.

IVAN M. PROCTOR, DIRECTOR.

Unless the Judges deem the animals *individually worthy*, they will withhold premiums.

All except Grades or Natives must be registered and certificates of registration filed with the Secretary. In all entries for Grades, either the sire or the dam must be registered thoroughbred, and so proven.

Cattle arriving at the limit of age during the month of October of holding the Fair, shall be deemed to be under that age.

Cattle entered for individual premiums can also compete in herds. A herd consists of one bull and not less than four cows or heifers over one year old.

# The very best way

to know whether Dobbins' Electric Soap is as good as it is said to be, is to *try it yourself*. It can't deceive YOU. Only be careful not to get an imitation. There are a great many Electrics and Magnetics, all intended to deceive the public into supposing that they are Dobbins' Electric, or just as good. We have made this since 1869. It is the original Electric, and is guaranteed to be worth four times as much as any other soap ever made. For washing anything, from the finest lace to the heaviest blanket, it is without a peer. Only follow directions.

Read all that we say on the two wrappers around the soap, and then Carefully see for yourself whether or not you can afford to ever use any other soap than this, after having heard its own story, told you by your own test of it.

## DAIRY COWS.

(WITH THE COÖPERATION OF THE N. C. AGRICULTURAL EXPERIMENT STATION.)

OPEN TO ALL BREEDS OWNED IN NORTH CAROLINA.

\$40 TO FIRST. \$25 TO SECOND. \$10 TO THIRD.

It is well known that cows capable of the largest yields of milk, butter and cheese are so highly organized that any undue or unusual movements excite them, diminish their yields of milk and reduce the quality of what they do yield. Hence, the quiet of their usual home surroundings is the best place to make these tests, which shall be made known and the prizes awarded when the cows are placed on exhibition at the Fair. The tests shall be conducted at some time during the month of September by some member of the staff of the North Carolina Agricultural Experiment Station commissioned to make them.

## CONDITIONS OF THE TESTS.

The cows tested must be entered on the regular books of the State Agricultural Society as members of herds competing for herd prizes, or for best cows in their respective classes at the State Fair, and they must be there exhibited or no prize will be awarded even if otherwise deserved.

The prizes will be awarded to the cows which score the highest number of points and which appear on the Fair grounds in the respective exhibits of their owners according to the order of the scores earned by the cows.

The highest number of points earned secures the first prize of \$40.00.

The second highest number of points earned secures the second prize of \$25.00.

The third highest number of points earned secures the third prize of \$10.00.

In order to have this test conducted, an owner of cows should enter his herd or individual cows with the Secretary of the Fair for the regular herd or individual prizes, then request a test and name a date in September on which he would like to have the test made. If other dates do not interfere, that will be the date for the test if the Station representative can reach the place in season, otherwise another date will be arranged convenient to both parties. When the date is agreed upon a deposit of \$10.00 by each person so entering his cows must be made with the Director of the Experiment Station as a forfeit to partly defray the expenses of the test if the cows are not regularly exhibited. This money is to be returned by the Director whenever satisfactory evidence is given that the tested cow has been placed on exhibition at the Fair.

## RULES FOR CONDUCTING THE TEST.

The owner of a cow to be tested shall file a sworn statement with the Station representative before the test begins, stating—

1st. The breed; number, if registered, and age of cow in years.

2d. The number of calves she has produced; date of last calving; dates of last and service and when expected to come in milk again; or if not bred so state.

3d. The separate kinds and amounts of food eaten by the cow in the last ten days before the date of the test, and the value of each per ton in dollars. If quality of food changed in that time, state how much and why.

4th. The Station representative will carefully weigh and record the food of each cow tested for the 24 hours of the test, beginning with the evening previous to the day of the test, and he will also inspect the pail and weigh the milk for the last milking before the test begins.

5th. The Station representative shall not interfere with the regular hours of feeding and milking cows except to see that 24 full hours, at a moderate rate, are allowed for secretion of milk, and to assure himself of the weight of the food given the cows under test. He should weigh or measure the water drunk, if convenient, without disturbing the cows undergoing the test.

GROUP OF BUILDINGS ON THE EXPERIMENT FARM.

A SCENE IN THE CHEMISTRY LABORATORY.

FEEDING STALL IN THE EXPERIMENTAL BARN.

IN THE BOTANICAL-ENTOMOLOGICAL LABORATORY.

THE N. C. AGRICULTURAL EXPERIMENT STATION AT RALEIGH.

6th. He will weigh and inspect the milk pail before each milking on the day of the test, and weigh and take so much of the milk as will insure a sample amount for specific gravity and fat determinations.

7th. He will proceed with the tests without delay, and may present the owner of each tested cow a copy of what he finds, upon the owner's faithful promise not to divulge the result to anyone until after the coming State Fair, but the representative shall impart such information to no other person except the Director of the Experiment Station, who will keep the tests secret until after the public announcement has been made at the State Fair.

8th. The Quevenne Lactometer for specific gravity and Babcock Tester for the per cent. of fat shall be used to determine the valuable constituents of the milk.

9th. Each cow will be credited with as many points as her product periods of lactation and gestation can reach on the following scale:

|                                                                           |           |
|---------------------------------------------------------------------------|-----------|
| For every 20 days lactation .. . . . . .                                  | 1 point   |
| For every 10 days gestation .. . . . . .                                  | 1 point   |
| For every two ounces of solids, not fat, yielded in 24 hours .. . . . . . | 1 point   |
| For every ounce of butter-fat yielded in 24 hours .. . . . . .            | 24 points |

If Breeders' Associations, or individual owners of pure bred cattle wish to offer similar prizes for their respective breeds, they will be accepted and the tests made under the above terms for all such entries of cows owned in North Carolina may be exhibited at the State Fair.

## SHEEP.

MAJ. JOHN M. CRENSHAW, DIRECTOR

Exhibitors are required to have their stock ready in the pens for the Judges by 10 o'clock A. M. the second day of the Fair. This rule will be strictly enforced. See that your entry tags are properly made out and securely placed in a conspicuous place on the pens.

### RULES GOVERNING JUDGES.

Judges on sheep are expressly instructed that it is their duty, in every case, to require from each exhibitor in lots of pure breeds, satisfactory evidence of purity of breeding, as claimed; and Judges, when awarding a premium in any such lots, will be understood to say by such award that (in their opinion) the animals receiving the premium are beyond a reasonable doubt, purely bred, as claimed.

They are further instructed that if they shall have good reason to believe that any exhibitor, by false entry or otherwise, attempts to deceive the Judges or the public, and obtain a premium by misrepresentation, they shall report the fact at once to the Superintendent of the Sheep Department, who shall immediately instruct the Judges that such exhibitor is henceforth excluded from competition at this Fair.

All ewes, three years old and over, shall have suckled this season.

All sheep offered for competition must be accompanied with an affidavit to the effect that they have been shorn since April 1, 1891, and the date of shearing must be given.

Flocks and pens of sheep must be owned by one individual or previously existing firm.

### LONG WOOLS.

| 315. Best flock, to consist of 1 ram, 3 ewes over 2 years of age; 3 ewes over 1 and under 2 years old, and 3 ewe lambs to be bred and owned exclusively by the exhibitor ..... | 10 00 | 5 00 |

SOUTHDOWN SPECIAL.

316. Best two recorded lambs—one ram and one ewe bred and exhibited by a resident of North Carolina—the first four volumes of the American Southdown Record.

CONDITIONS: That but one premium will be paid the same exhibitor even though these conditions permit an exhibition at more than one Fair.

1. That the animals competing for said premiums shall be recorded in the American Southdown Record prior to date of entry for the exhibition, and that the party making the entry furnish the Secretary of the American Southdown Breeders' Association, at the time of entry, a copy of same.

2. That the premiums will be paid on the presentation of certificate from the proper officer of the Fair.

JNO. G. SPRINGER,  
Secretary American Southdown Breeders' Association  
Springer, Illinois

SWINE.

Swine claiming pure blood must produce a satisfactory pedigree.

Exhibitors will be required to keep the ground around within ten feet of their pens, clear and clean from all garbage.

CHESTER WHITES.

(To include all large White Breeds.)

**SPECIAL PREMIUMS OFFERED BY AMERICAN BERKSHIRE ASSOCIATION.**

The American Berkshire Association offer the following special premiums to be competed for at the North Carolina State Fair of 1894, viz: The first five of the second five volumes of the American Berkshire Association necessary to complete the set of the successful competitor and valued at five dollars per volume.

- 356. Best breeding pen of Berkshire registered in the American Berkshire Record, to consist of a boar and three sows over one year of age, owned by a resident of the State or province in which the Fair is held, the first five or second five volumes of the Berkshire Record, valued at twenty five dollars.
- 357. Best breeding pen of Berkshire registered in the American Berkshire Record, to consist of a boar and three sows under one year of age, owned by a resident of the State or province in which the Fair is held, the first five or second five volumes of the Berkshire Record, valued at twenty five dollars.

**CONDITIONS:** 1. That the boars and sows competing for the prizes specified above be recorded in the American Berkshire Record prior to the date of entry at the Fair and that a list of such entries be sent the Secretary of this Association.

2. That there shall not be less than two competitors for each of the prizes.

3. That no animals competing for the above prizes be allowed to show for said premiums at more than one State or Provincial Fair in 1894.

## POULTRY AND PET STOCK.

W. S. BARNES, DIRECTOR.

**RULE 1.**—The new American Standard of Perfection will be the guide of the Judges on all varieties on which premiums are offered.

**RULE 2.**—All birds competing for premiums must be strictly the property of the exhibitors. Any attempt to evade this rule in any particular will exclude all specimens entered by the offending party from competing, if discovered in time, if not all premiums awarded such exhibitors shall be withheld.

**RULE 3.**—Cards showing entry number must be attached to each coop, as soon as birds are placed in position, and all entries must positively be in proper place by 10 o'clock A. M. October 16, 1891, unless unavoidably delayed. In that case they may be admitted at the discretion of the Director of the Poultry Department.

Entries positively close October 15, 1891.

**RULE 4.**—All birds to be shown in pairs.

No breeding-pen prizes.

The term pair—a male and female.

The term cock—a male bird hatched prior to October 15, 1893.

The term cockerel—a male bird hatched after October 15, 1893.

The term hen—a female bird hatched prior to October 15, 1893.

The term pullet—a female bird hatched after October 15, 1893.

**RULE 5.**—Errors in making entries will bar the specimens from competing unless corrected by the Secretary before the birds are placed in position. Exhibitors are particularly requested to be careful in making original entries *correct*, and thereby save time and trouble.

**RULE 6.**—Exhibitors *need not* accompany their birds. They can be sent direct to W. S. Barnes, Director of Poultry Department, State Fair. All specimens will be promptly reshipped to their owners at the close of the exhibition, or disposed of as *they may direct*. Express charges on all stock must be prepaid.

**RULE 7.**—Exhibitors who wish to enter tows for competition and for sale also can do so by sending tags *written very plainly as follows*:

FOR SALE.

Variety..... Age .....

Price.....

*Apply to Director Poultry Department.*

Above tags to be given to Secretary at same time when *entry* tags are to be placed on coops, so that the corresponding number can be placed on the *For Sale* tag thereby saving confusion.

**RULE 8.**—Adams and Southern Express Companies will return free of charge all exhibits on which full rates have been paid to Raleigh, N. C., provided they are accompanied by a card from the Secretary of Fair to the effect that ownership has not *changed*.

Direct all coops in care of the Director of Poultry Department Fair Grounds, Raleigh, N. C.

**NOTES.**—All Standard breeds, not enumerated in following list will be awarded premiums same as others. Wheat, oats and corn chop for food furnished free to all exhibitors. All exhibition coops will be removed from former location and placed inside the building thereby insuring the safety and health of the fowls and a more pleasant place for visitors to examine them in case of fair weather. Exhibitors wishing to furnish their own show coops can do so.

# A POULTRYMAN'S LIBRARY.

THE FANCIERS' REVIEW AND SEVERAL  
POULTRY BOOKS CONSTITUTE IT. . . . .

## THE FANCIERS' REVIEW

Is too well known to need description. Its 16 large pages are replete with practical information for poultrymen. It has Pigeon and Kennel Departments. Its circulation (averaging 7,000 per month) makes it a desirable advertising medium. Write for rates. The subscription price of the REVIEW is 50 Cents for one year; 75 Cents for two years; \$1.00 for three years, in advance. Three sample numbers are sent for 10 Cents.

## 500 QUESTIONS AND ANSWERS.

This is *the* popular poultry book of the day. It is written in the form of questions and answers, and contains the following chapters: Chapter I—Feed and Care. Chapter II—Diseases. Chapter III—Eggs. Chapter IV—Incubators. Chapter V—Buildings. Chapter VI—Miscellaneous Queries. Chapter VII—Turkeys, Ducks and Geese. P. H. Jacobs, editor of the "Poultry Keeper," has revised the last edition. *Price, 25 Cents.*

## LOW-COST POULTRY HOUSES.

This is our latest book, and contains plans and specifications for poultry houses costing from \$25 to \$100. It is needless to say that this is just the book for the poultryman who contemplates building a poultry house or re-arranging the old one. The plans are specially made for this book. Get a copy! *Price, 25 Cents.*

## PIGEON QUERIES.

A book of great practical value to everyone interested in pigeons—the amateur fancier particularly. It is written in the form of questions and answers, and is "chock full" of information on breeding, care and diseases of pigeons. *Price, 25 Cents.*

 We also issue a little book for the man who keeps a cow (and most poultrymen are dairymen to that extent) entitled, "THE QUESTION BOX ON CATTLE AND THE DAIRY." These are questions and answers compiled from the Question Box of various Farmers' Institutes. It has the following chapters: Chapter I—Cattle; Their Care and Management. Chapter II—Feeding and Food Rations. Chapter III—Milk and Butter. Chapter IV—Cheese-making. *Price, 25 Cents.*

 We also publish a 16-page dairy journal, "THE PRACTICAL DAIRYMAN;" subscription price, 50 cents a year. Three sample numbers, 10 cents. You might like to see it.

*NOTICE.*—We will send the "Fanciers' Review" one year and any one of the books above named for 65 Cents.

*By Sharp Butterfield, Windsor, Ontario.*

- 546. For six highest scoring birds owned by one exhibitor. One pair (the best of each)

# Reasons

For Using

## Dobbins' Electric Soap.

### Best

From a sanitary point of view, because of its **Absolute Purity**.

### Unscented,

Because nothing is used in its manufacture that must be **HIDDEN OR DISGUISED**.

### Cheapest

To use, because **HARDER** than ordinary soap, does not **WASTE** away and because it is not filled with **ROSIN AND CLAY** as make-weights.

### No Boiling of Clothes Needed,

Because being **ABSOLUTELY PURE**, can do its own work.

### Leaves Clothes Washed

With it **WHITER** and **SWEETER** than any other soap, because it contains no **ADULTERATION** to yellow them.

### Washes Flannels

Without **SHRINKING**, bringing them out **SOFT, WHITE** and **FLEECY**, because it is free from **ROSIN** which hardens, yellows and mats together all woolen fibres, making them **HARSH** and **COARSE**.

### It will not Injure

The **FINEST LACE** or the most **DELICATE FABRIC**, because all the ingredients used in its manufacture are **HARMLESS**.

### Millions of Women

Use it because they have found it to be the **BEST**, most **ECONOMICAL**, and absolutely unchanging in quality.

 To anyone mailing us 12 wrappers taken from the soap, we will send either of the following panel pictures: "Les Intimes," "Two Sisters," "May Day," "Heartsease."

**We wish to Caution** the public against a lot of *swindlers* who go from door to door selling what they claim is Dobbins' Electric Soap. It is a fraud. Dobbins' Soaps are *never* sold in this way, nor have we any connection or consolidation with any other soap house, as they represent. **\$25 REWARD** will be paid for the arrest and conviction of each man thus engaged in swindling the public.

**Dobbins' Electric Soap is sold by all Grocers. Never by Peddlers from door to door.**

## SPECIAL GAME FOWL PREMIUMS.

A special Game Fowl exhibit, with special premiums, to be held under the auspices of the Wake County Game Fowl Association, the premiums to be awarded by same, subject to the rules and regulations of the N. C. A. to be held.

Competition is open to the world.

Exhibitors for "Largest and Best" exhibit in this class will be required, at time of making entry, to file an affidavit—sworn to before Notary Public or Clerk of the Court of county in which they reside, that all the fowls exhibited by them are their own property.

An entry fee of \$5.00 will be charged for the "Largest and Best" exhibit.

Fowls will be shown in pens—a pen being a cock and two hens.

| 818. Largest display of preserves, jellies and pickles, not less than two varieties, by housekeeper ..... | 1 00 |

# The Mapes ... Manures

FOR POTATOES, CABBAGES,  
CAULIFLOWERS, CELERY,  
EARLY AND LATE TRUCK.

THE MAPES FERTILIZERS HEAD BOTH LISTS OF FERTILIZERS REPORTED IN YEAR  
1893 BY THE CONNECTICUT EXPERIMENT STATION.

*[From Connecticut Farm (Hartford) March 3, 1894.]*

It will be difficult for the careful and unprejudiced reader of the Experiment Station reports not to be impressed with the remarkable high standard maintained by all the Mapes goods. In Part I, lately issued, of the Connecticut Station Report for 1893, the analysis of 61 "Nitrogenous Superphosphates" and 76 "special manures," show that Mapes heads the list in both classes, in being found to have the highest valuation, as figured by the Station as compared with the cost to the farmer.

*[From the New England Homestead, March 8, 1894.]*

As to the quality of their goods, the Mapes Formula and Peruvian Guano Co. analysis shows them to be unexcelled for farm, fruit or garden purposes. The analyses of 61 nitrogenous superphosphates and 76 special manures by the Connecticut State Experiment Station, show that Mapes heads the list in both classes in being found to have the **HIGHEST VALUATION COMPARED TO THE COST TO THE FARMER.**

**THE MAPES MANURES FOUND TO EQUAL OR EXCEED THEIR GUARANTEED  
STRENGTH IN EVERY CASE.**

Of the manufacturers whose goods were examined by the Rhode Island Experiment Station and reported on page 132 Bulletin No. 26, November, 1893, the Mapes Company was *the only one* of all those whose tests amounted to 12 or over, who were *found to equal or exceed their guarantee in every case.* The Mapes Company had a record of 100 per cent.; the next best record was 93 per cent.

Also No. 1. Peruvian Guano, standardized. **AMMONIA, 10 PER CENT.** Specially adapted for Truckers. Nothing equal to it for producing quick growth, tenderness in quality, etc. Send for circulars.

**The Mapes Formula and Peruvian Guano Co.,  
143 Liberty St., New York.**

STAPLES.

## Highest Awards of Merit at the Great World's Fair

The "Old Reliable" was there ready to compete with all other makes of Incubators and Brooders. Merit wins! That is why the "Old Reliable" is the most popular artificial hatcher.

MEDAL AND DIPLOMA OF HIGHEST AWARD OF MERIT. Brooder combined! Tens of thousands saw our "Old Reliable" and have bought, as a result of what they saw.

The only Special Cash Premium ever offered for a brooder came to us. We send proof. Don't miss this opportunity and instructive catalogues. All free.

| 1300. Best broom .....                                     | Diploma |

# DEPARTMENT L.

## EDUCATIONAL.

PROF. J. B. BURWELL, DIRECTOR.

Competition for premiums in this department is confined to North Carolina.

Exhibits by schools must be exclusively the work of pupils (except collections of natural specimens) actually attending the school, and the work must have been done since June, 1891.

Exhibits by female schools may include art work, fancy work, penmanship, map drawing, culinary work, collections of geological, mineralogical, zoological and botanical specimens, plain and fancy sewing, by hand or machine, etc. Articles in such exhibit cannot compete for premiums offered in any other department, but may compete for one or more offered in this department.

The Female Department of a mixed school may compete for premiums in the name of the school to which they belong.

### WORK OF SCHOOLS.

1301. Largest and best exhibit by Female School,  $\left\{ \begin{array}{l} 1st \text{ Prem., one Cabinet Grand Piano, worth } \$325. \\ 2d \text{ Prem., handsome Gold Medal.} \\ 3d \text{ Prem., one copy (2 vols.) Standard Dictionary.} \end{array} \right.$

[~~47~~] The premium piano is offered through Ludden & Bates' Southern Music House, Savannah, Ga., with branch house at Raleigh. It is style "J" of the Sterling Piano Co.'s make; 7 $\frac{1}{2}$  octaves, A to C. Double-veneered case, beautifully finished; combination and solid panels elaborately engraved or carved; swinging music desk; modern trusses; handsomely carved pilasters; overstrung scale; three strings; ivory keys; repeating action; continuous hinges on fall and desk; nickel-plated rail and full iron frame; three pedals. Length, 5 feet 1 inch; height, 4 feet 5 inches; width, 2 feet 2 inches. Walnut, mahogany or oak case. Price, \$25.

The premium medal is a large gold piece of high intrinsic and artistic value, given by Mr. H. Mahler, the well known Raleigh Jeweller. The issuance of the medal from this house guarantees its rich workmanship and worth.

The Premium Dictionary is given by Mr. Wayne Allcott, State Agent, Raleigh. It is the "Standard," issued by Funk & Wagnalls. It contains 2,200 quarto pages, nearly 5,000 illustrations and nearly 300,000 words, which is 75,000 more words than is contained in any other dictionary of the language. It is a complete dictionary and encyclopedia combined. The premium volume will be bound in full Russia and handsomely finished.]

1302. For best general display by any male school. One thousand school catalogues, given by Messrs. Edwards & Broughton, the Printers, Publishers and Book Binders of Raleigh.

|                                                                                                                              |            |
|------------------------------------------------------------------------------------------------------------------------------|------------|
| 1303. Display of maps and charts by school .....                                                                             | Diploma    |
| 1304. Display of art work by school .....                                                                                    | Diploma    |
| 1305. Display of kindergarten work .....                                                                                     | Diploma    |
| 1306. Display of agricultural and mechanical schools .....                                                                   | Diploma    |
| 1307. Display of commercial school .....                                                                                     | Diploma    |
| 1308. Display of military school .....                                                                                       | Diploma    |
| 1309. Best general display work by school .....                                                                              | Medal      |

# THE PUBLIC ROAD QUESTION IN NORTH CAROLINA.

It has been well said that "Every member of society is interested in the public roads. At birth, at death, and at all intermediate points during life it is used, to a greater or less degree, by or for every individual member of society." It carries the sick to the bedside of the sick, the minister to administer consolation to the dying, to the house of mourning, and the dead to their graves. It brings purchaser and consumer together. It is the avenue alike of pleasure and of traffic. The farmer seeking his market, the commercial traveller looking for customers, the millionaire in search of enjoyment with his coach-and-four, the wheelman in the pursuit of health, the few seeking pleasure and profit on wheels, and the many on like pursuits on foot—all are interested in the public roads. And yet, direct and immediate as these interests are, we are content to follow the methods of half a century or more ago, to submit to inconvenience, to discomfort, and to the immense waste of money and patience."

AN ENGLISH COUNTRY ROAD OF LOCAL INTEREST.

Nearly all the freight that is carried on the roads of this country is carried over some kind of a road: all the freight that is brought to market on the roads has to be distributed to the citizens over some kind of a road. On the farm lands, the value of mill privileges, the value of the roads, and the value largely upon means of transportation, that is to say, upon the roads.

The greatest obstacle in the way of the improvement of the roads is the classes, who are always loth to increase the cost of the roads, and this will continue to be the case until the roads are so bad that *bad roads cost more than good roads*, that time will come when almost wholly on the farmer.

JOHN WILKES, Manager, Charlotte, N. C.,

Who will be pleased to give information and to quote prices upon application.

At just the time of the farmer's leisure, just the season when the farmer should transport his product to the market, he is shut up to isolation—sometimes for weeks—and the work of transportation is delayed to the time of planting, greatly to his loss.

#### COST OF WAGON TRANSPORTATION.

"It is apparent that but few people comprehend the cost of transportation by horse and wagons, or realize the amount of money annually wasted by the ill condition of the roadways."

The following table "shows from actual observation the cost of moving a load of one ton a distance of one mile on level roadways with different pavements in the usual condition in which they are maintained. The excessive amount of these charges is seen, when it is remembered that the same goods using the roadways are now carried by the railroads at an average cost of  $\frac{1}{10}$  of a cent" per ton per mile.

#### COST OF TRANSPORTATION BY HORSES AND WAGONS, HAULING ONE TON A DISTANCE OF ONE MILE ON DIFFERENT ROAD-COVERINGS.

| On stone, paving, covered with mud.....            | 21.50 "     | On earth, with ruts and mud.....              | 13.00 "      |
| On broken stone road, dry, and in good order.....  | 8.00 "      | On gravel, loose.....                         | 4.00 "       |
| On broken stone road, moist and in good order..... | 10.30 "     | On gravel, compacted.....                     | 12.50 "      |
|                                                    |             | On plank, good condition.....                 | 8.00 "       |
|                                                    |             | On sand, wet.....                             | 2.00 "       |
|                                                    |             | On sand, dry.....                             | 6.00 "       |

It will be seen from the above table that in hauling a load of one ton over one mile of level road, it costs more than twice as much to haul this load over the best dry dirt road, about five times as much to haul it over a moderately muddy dirt road and eight times as much on a dry, deep-sandy road, as it does to haul the same load the same distance on the best dry, broken-stone or macadamized road. These facts and others given below will serve to show that better roads are needed in every section of the State, and that our bad roads in every section are a heavy and expensive burden.

#### OTHER ITEMS IN THE COST OF BAD ROADS.

In estimating further the cost of bad roads, we should take into consideration the loss of time by horses and men, the cost of maintaining the same during such lost time, the injuries and the wear and tear to the horses, vehicles and harness caused by the bad roads. We should also take into consideration the small loads that must be hauled over these roads, frequently not one-fourth of a full load and we must bear in mind the fact that during the winter months, when ordinary farm work can not be carried on, is the time when wagons and teams should be mostly used on the roads in going back and forth to markets, etc., but this is just the season when many of the public highways become well-nigh impassable, even with light loads. It must also be remembered that bad roads keep down the selling and taxable value of farms and all other real estate, while good roads raise these values, as will be brought out more clearly below.

We have now in the State, in round numbers, 200,000 horses and mules. We deduct from this number 50,000 which, in the cities and towns, can be used during the entire year, and there remain 150,000 horses and mules which for a large part of the year, may be designated country horses and mules.

We can credit 134,000 of these to the fifty-six middle and western counties and 16,000 to the forty eastern counties. These 134,000 country horses and mules, if used during the winter months, in the middle and western counties cannot be used during that season. The cost of feeding them per day at a rate of 10 cents per head, for 24 days, amounts to \$26,880, which for the four weeks amounts to \$107,520. Now, if we take into account the loss of time for these animals, putting the value of a horse at \$100, and a mule at \$75, (twenty-four days), we see another source of loss amounting to \$1,554,000. These items give us a total of \$1,554,400 per annum which is the cost of the winter months of impassable public roads. Let us add to this the cost of the winter months of the summer amount in the aggregate to certainly not less than \$1,554,400. Now, if we add to this the cost of ox-teams and the cost of feeding them during the winter months, we see that the

farmers sustain by not being able to carry farm produce, tobacco, cotton, etc., to markets at times when prices are highest; and the result presents at a reasonable estimate, a total loss of more than \$1,600,000 per annum to be charged against excessively bad public roads in North Carolina during these four weeks.

We may suppose that one man was employed in the management of each pair of these 134,000 horses and mules of the midland and western counties. Of these 67,000 teamsters we may fairly suppose that one-half of their time during the four weeks lost by the horses and mules was profitably employed in other ways about the farms; but we may also fairly consider the other half of their time as lost on account of bad roads. Valuing the services of these men at fifty cents per day and charging one-half of this as lost, owing to bad roads, we have 67,000 men at twenty-five cents, equal to \$16,750 per day; and for four weeks \$102,000. While this is believed to be a real loss due to bad roads it will not be included in the final estimates of the total

"THE FARMER IS SHUT UP AND THE WORK OF TRANSPORTATION IS DELAYED, GREATLY TO HIS LOSS."

loss, because there is a reasonable doubt as to the amount of actual loss from this source.

But then there is another large item that must be taken into consideration. We have estimated that this \$1,600,000 per annum is lost during four weeks when the roads are so bad as to practically prevent all hauling. But it must be remembered that even when the dirt road is in good average condition, the loads hauled are not more than one-third those hauled on good Macadam highways. The average load for one horse on a macadamized country road in France is said to be two or three tons, and on the paved streets of a French city one horse oft n pulls three to five tons; whereas, taken month in and month out, the load for one horse on the average American dirt road is less than half a ton. It can therefore be safely claimed that if we had good macadamized roads, the hauling we now do in two months could be done in less than half the time.

It is probably safe to estimate that all the hauling over the State for a year would require the constant employment of the entire 210,000 horses, mules and 105,000 teamsters and wagons during at least two months. On the present average condition, and would require their employment during only one month on good Macadam roads. Here, then, is an important item of loss to the State by dirt roads, *i. e.*, the services and cost of maintenance of these horses, mules, teamsters, wagons and harness during one month. In this case it is necessary to include in the estimate the wages of teamsters, who spend all of their time pulling teams and are paid full wages, while the teams are pulling half heavy loads, losing half of the time. Valuing the services of these 210,000 horses and mules at twenty-five cents per day each (twenty-four days), we have an item of \$1,260,000; estimating their feed per day at twenty cents each, twenty-eight days, we add another item of \$1,176,000; and these combined show a loss of \$2,436,000 for the month. The pay of 105,000 teamsters, estimated at fifty cents per day each, is an item of \$52,500 per day and \$1,260,000 for the four weeks. The wear and tear on the 105,000 wagons and harness, if placed at ten cents per day while in constant use, is an item of \$10,500 per day and \$252,000 for the four weeks. Add these several items and we have a sum of \$3,948,000 annually lost to the people of the State by having poorly laid out and constructed dirt roads instead of good Macadam roads, not including the loss during the four weeks when the roads are impassable. That this is an actual loss will be seen more clearly when we understand that the amount of hauling which could be done at a profit will greatly increase as we make good roads, and thus reduce the cost of wagon transportation.

ROAD MAKING IN RALPH TOWNSHIP.

But there is yet another item which must be included in this general estimate before the grand total is reached. In the beginning of this discussion we left out of consideration fifty thousand of the horses and mules in the State, as being approximately the number about the cities and towns which can be used throughout the entire year. The suburban roads and many of the streets of these towns, however, are kept in such poor condition that we may safely estimate that if these streets and suburban roads were properly macadamized, these 50,000 horses and mules and their drivers could do twice the work they now do, or one-half of them could easily do all the work now done, and the other half might thus be easily dispensed with, a fine saving in horse feed, wagons, harness and teamsters saved. Let us see what this saving would amount to if the latter plan were adopted. It costs to feed these 25,000 horses and mules, at twenty-five cents (city prices) per day each for the year, in all 315,000, the sum of \$2,281,000; and for these horses 12,500 teamsters, at fifty cents per day, cost for 300 days \$1,875,000; and 12,500 wagons and harness, at ten cents per day (for 300 days), \$375,000; making a total of \$4,531,000 per annum from these sources, which may fairly be charged to the State, for its cities and streets.

If we now estimate that there are in the State 200,000 horses and mules doing work on the public roads four days of each year, and a year's feed at twenty-five cents per day, we have the sum of \$410,000, which, except for the cost of harness and muscle, may be considered an annual tax for public roads. This is a very small sum.

| <b>Total .....</b>                                                                                                                                                                                                                             | <b>\$10,519,000</b> |

The aggregate of these several items gives a grand total of over ten million dollars, which sum the people of the State lose annually on account of bad roads, and which sum might be saved annually to the State by a system of good macadamized roads.

We are aware that many will question these astonishing figures, but they are careful estimates, not random guesses. And while admitting that there are many sources of possible error, we are satisfied that whoever examines the estimates candidly

BICYCLE RIDING ON RALEIGH TOWNSHIP ROADS.

will be profoundly impressed with the fact that on account of these bad roads the people of North Carolina are suffering yearly enormous losses without any compensating return, and of the magnitude of which they seem to be hardly conscious; and it must be remembered that every year, as trade increases, and with it the number of horses and wagons and teamsters, we must use these bad roads more and more, and the losses they entail thus increase annually. These losses are, in an important sense, equivalent to an annual tax on the people of the State of ten million dollars, paid largely by the farmers who own the stock and wagons, but paid also in part by every man, woman and child in the State.

And what do we get in return for this large drain upon the wealth of our people? A system of dirt roads, sandy in one region and clayey in another, which, as compared with macadamized highways, retard or prevent travel; diminish or prevent investment of capital; keep intelligent settlers away; retard and greatly increase the expense of all transportation and exchange of commodities between farms and markets; decrease the profits of farming; interfere in the country with proper attendance at the schools and at churches; prevent proper social intercourse among people in the country, and between those living in the country and those in towns; make young people and old people dissatisfied with living in the country and anxious to move to towns and cities, where they can walk, ride or drive with some degree of

comfort; keep down the value of all lands and other real estate; prevent the inauguration of many mining, manufacturing and other enterprises; by making wagon transportation too expensive.

And how long will this continue to be the case? What are we waiting for? How long will it be before the intelligent men of the State join earnestly in the move for better roads? How long will it be before our people, instead of asking for a "reduction of the burdens of taxation," already exceptionally high, will come to understand that it will pay to expend a considerably larger portion of our labor and money in the development of such internal improvements as the construction of better public roads? How long will it be before we all come to realize the imperative need of better roads sufficiently to determine to have them, whatever sacrifice may be necessary in order to pay for them? If we wait until the country increases in wealth we may expect to "make haste slowly," for certain it is that bad roads tend to perpetuate our poverty, and as equally certain it is that good roads tend to increase the wealth and prosperity of the people.

CONVICTS PREPARING MACADAM IN RALEIGH TOWNSHIP.

#### MILEAGE OF PUBLIC ROADS IN NORTH CAROLINA.

It is of course impossible to give accurately the total mileage of public roads in the State owing to the fact that the majority of these roads have never been carefully surveyed and measured. But an approximate estimate based upon the best maps obtainable and extended observations in many counties shows a total for the State of (1) about 10,000 miles of prominent public roads radiating from the county seats to the borders of the counties, and (2) about 10,000 miles of cross roads leading through various portions of the several counties. (3) In addition to these there is a considerable mileage of roads—probably 20,000 miles in all, some of them public and some private—of comparatively little importance, which are not included in this estimate. This would give an average of about 200 miles of prominent public roads for each county in the State, *i. e.*, 100 miles of roads leading from the county seat out to the borders of the country, and 100 miles of cross-roads; and an average of 200 miles of secondary and private roads for each county. In many of the larger counties the mileage is much greater, and in many of the smaller counties it is less than this average.

#### THE COST OF GOOD ROADS.

We have endeavored to show above approximately how much the present mileage of bad roads costs the people of the State; and if it should be possible to replace the present annual we believe that this estimate is below rather than above the actual cost. It must be apparent to every one that at any reasonable estimate of the annual expenditure of a small portion of this sum in road improvement, the condition of our public highways, which in a short time would reach a state of ruin, could be improved.

Of course the cost will depend largely upon the kind of road to be made, but it may as well be clearly understood that the construction of any public highway which is to be worthy of the name, and which is to be of any real and lasting benefit to the communities through which it passes is an expensive undertaking. The re-surveying, grading, proper drainage and other work in improving a good dirt road, may cost under different conditions from \$100 to \$500 per mile. Macadamizing these dirt roads, already graded and drained, with different widths of road, different thicknesses of broken stone and other varying conditions, may cost from \$1,000 to \$10,000 per mile.

Particulars of cost and method of construction are exhaustively given in "Bulletin No. 4," which may be had on application to J. V. Holmes, Chapel Hill, N. C.

In Raleigh Township, in Wake County, one of the larger and wealthier counties, Macadam roads are being constructed under the operations of a law which provides for the working of county convicts on the highways.

A NEW WAKE COUNTY ROAD.

This work is now done from the corporate limits of the city of Raleigh to the township boundary line. About eight miles of road have been macadamized and the work is being gradually extended. It has given the greatest satisfaction, and is proving to be one of the most profitable and progressive steps ever taken. The advantages are seen by adjoining townships and the "Good Road" fever is spreading, slowly perhaps, but certainly and effectively; and some of those townships will ask the next Legislature for laws by which taxes may be levied upon themselves for the purpose of good road construction. Wherever these roads have been built, in Wake, Mecklenburg, or other localities, there has been always an increase in value of property through which they run. They have made stable values that would have otherwise fluctuated. That it would pay the people of any county to macadamize, or by some equally good method improve the main roads leading from the county seats to the county boundaries, even though the cost should be large and that such a procedure would raise the selling value of farming lands and other real estate in the county ten to fifty per cent., no one who has studied the question can doubt.

# COTTON AS A FACTOR IN PROGRESS.

By D. A. TOMPKINS.

The development of the production of cotton in the United States within a single century from insignificant proportions to 9,000,000 bales a year, considered in all its relations to our industrial progress, is without a parallel in history. First of all, it is a sufficient answer to the charge so often made against the southern part of the United States that the people are without enterprise or mechanical ingenuity. It may not be going too far to assert that everything the northern part of the Union has accomplished, put together, has not affected the welfare of so many people in the world, or

THE COTTON PLANT

reached so far in its effects, as what has been done in the cotton industry in the South. It may be answered: "The South alone is adapted to the production of cotton; if it would only grow in the North, a different showing might have been made by that section." But cotton grows in India, in Egypt, in China and in South America, and a people cannot be without enterprise who, in competition with such a widespread cotton area, — in many parts of which the plant has been cultivated for centuries — in less than one hundred years are able to show a production far exceeding that of all the rest of the world.

In 1820 the cotton crop of the United States amounted to about 100,000 bales, and in 1892 the yield reached nearly 1,000,000 bales. During the greater part of the interval the price has been about ten or twelve cents per pound, but it has been as low as five cents, and as high as twenty-seven cents, leaving out of account the years of the war 1860 to 1864, when the South practically stopped producing cotton. If, on an average 500 pounds to the bale, at 1

the price at ten cents per pound, the crop of 1820 would have been worth in round numbers, \$20,000,000. On the same basis the crop of 1892 would have been of \$450,000,000. This great increase in production has been accomplished in a way which there has been no such constant tide of immigration as before, except in the other parts of the United States, and for this reason, one of the greatest credits upon the people who have accomplished it.

This great achievement is the result of three things combined, namely: (1) the enterprise and energy of the people; (2) the invention of the cotton-gin; and (3) the design-

ORDINARY COTTON PICKING SCENE.

ing of buildings and mechanical appliances by which the gin may be economically operated.

The cost of ginning 1,500 pounds of seed cotton and of baling the lint is to day only about one-fifth of the cost in 1870. The plantation gin-house and screw have been

supplanted almost entirely by the modern ginneries, which are centrally located and are manufacturing-plants rather than plantation equipments. Many of them are incorporated as parts of plants in which the lint is separated from the seed and baled, the oil is taken from the seed, and the cake is ground into meal to be used as a fertilizer or cattle-feed, as the markets may demand.

In almost every community in the South there may now be found a manufacturing plant known as a gin, oil-mill, and fertilizer works. These gin-cotton-seed-cotton-seed-for-cotton-seed-oil, and buying some of the ingredients which are used with cotton-seed meal, mix commercial fertilizers. Out of this development has come the further business of fattening cattle on cotton-seed hulls and cotton-seed meal. Recently a large business has been developed by these factories in preparing a stock food made of cotton-seed hulls and meal, mixed. Before the war the seed were a waste product; ten years ago the hulls were used for fuel only. Last year cotton-seed sold at \$20 per ton and the hulls at from \$3 to \$5 per ton.

How long it takes to pick  
 100 lbs Three

HAULING COTTON TO THE GIN.

The most expensive item now left in the production of cotton is the cost of picking the fiber from the stalks in the field. This opportunity for the exercise of ingenuity has not been neglected during the last few years. Numerous patents have been issued for cotton-harvesters, many of which are absolutely without merit, but some of which are marvelously ingenious. One that seems, so far, to have come nearest to doing a commercially successful work is that of Mr. C. T. Mason, of South Carolina. The extent of the incentive for the solution of this problem may be judged from the following estimate:

The price now paid for picking cotton is from 50 to 75 cents per hundred pounds. About 1,500 pounds of seed and cotton are required to make a ball of lint which weighs 500 pounds. The cost of picking 1,500 pounds of cotton at, say 60 cents per 100 lbs, would be \$9. Therefore to pick ten million bales, which limit it is assumed will be reached in the near future, would cost, at present prices, \$90,000,000. This could be done by the cotton-harvester inventors that a machine can be made which will do the work, and one laborer can pick or gather 4,000 pounds of seed cotton, or 100 lbs, which is picking of 150 to 200 pounds by hand is a good day's work.

The following table will give some idea of the increase in production of cotton every tenth year, and of the value of each crop included in the total. The figures are given in round numbers. Values are all based on the rate of 60 cents per 100 lbs, and an average weight per bale of 500 pounds.

| Year                        | 1820          | 1830       | 1840       | 1850        | 1860        | 1870        | 1880        | 1890        |
|-----------------------------|---------------|------------|------------|-------------|-------------|-------------|-------------|-------------|
| Production in bales,        | 400,000       | 1,000,000  | 1,600,000  | 2,250,000   | 3,600,000   | 4,250,000   | 6,600,000   | 8,000,000   |
| Value at 10 cts. per pound, | \$ 20,000,000 | 50,000,000 | 80,000,000 | 112,500,000 | 180,000,000 | 212,500,000 | 330,000,000 | 400,000,000 |

As has been stated already, the seed were before the war a waste product except where used in the Southeast to a limited extent as a fertilizer. Since the war the cotton-seed oil business has been developed to such an extent that in the current sea-

A COTTON PLATFORM AT RALEIGH.

son about 1,500,000 tons of seed will be crushed for oil and other products. Out of these seed come the following products, against which their values are shown:

|                                  |         |               |
|----------------------------------|---------|---------------|
| 50,000,000 gallons cotton oil at | \$ 0 50 | \$ 25,000,000 |
| 700,000 tons hulls at            | 4 00    | 2,800,000     |
| 500,000 tons meal at             | 20 00   | 10,000,000    |
| 50,000,000 pounds short lint at  | .03     | 1,500,000     |
| Total                            |         | \$ 39,300,000 |

This much comes out of what was in the days of slavery almost entirely wasted.

It is not alone in the utilization of cotton-seed that the revived mechanical genius of the South has been exhibited, but in the manufacture of cotton into yarns and cloth as well. In a region of country reaching along the foothills of the mountains from Lynchburg, Virginia, to Atlanta, Georgia, almost every town has one or more cotton-factories, built since the war. Many factories have been built on the water-powers in the country, and towns have grown up around them. At first only coarse goods were attempted; then finer and finer products, by degrees. While as yet no very fine goods have been produced, enough has been done to prove that as capital accumulates and the owners acquire knowledge of the business and the operatives improve in skill, there is no more limit to the quality of the goods that may be made in North Carolina, than those that may be made about Lowell, Massachusetts, or Manchester, England.
